

P(γ) Density For γ Events vs Radius Squared of Event Origin (cm²)

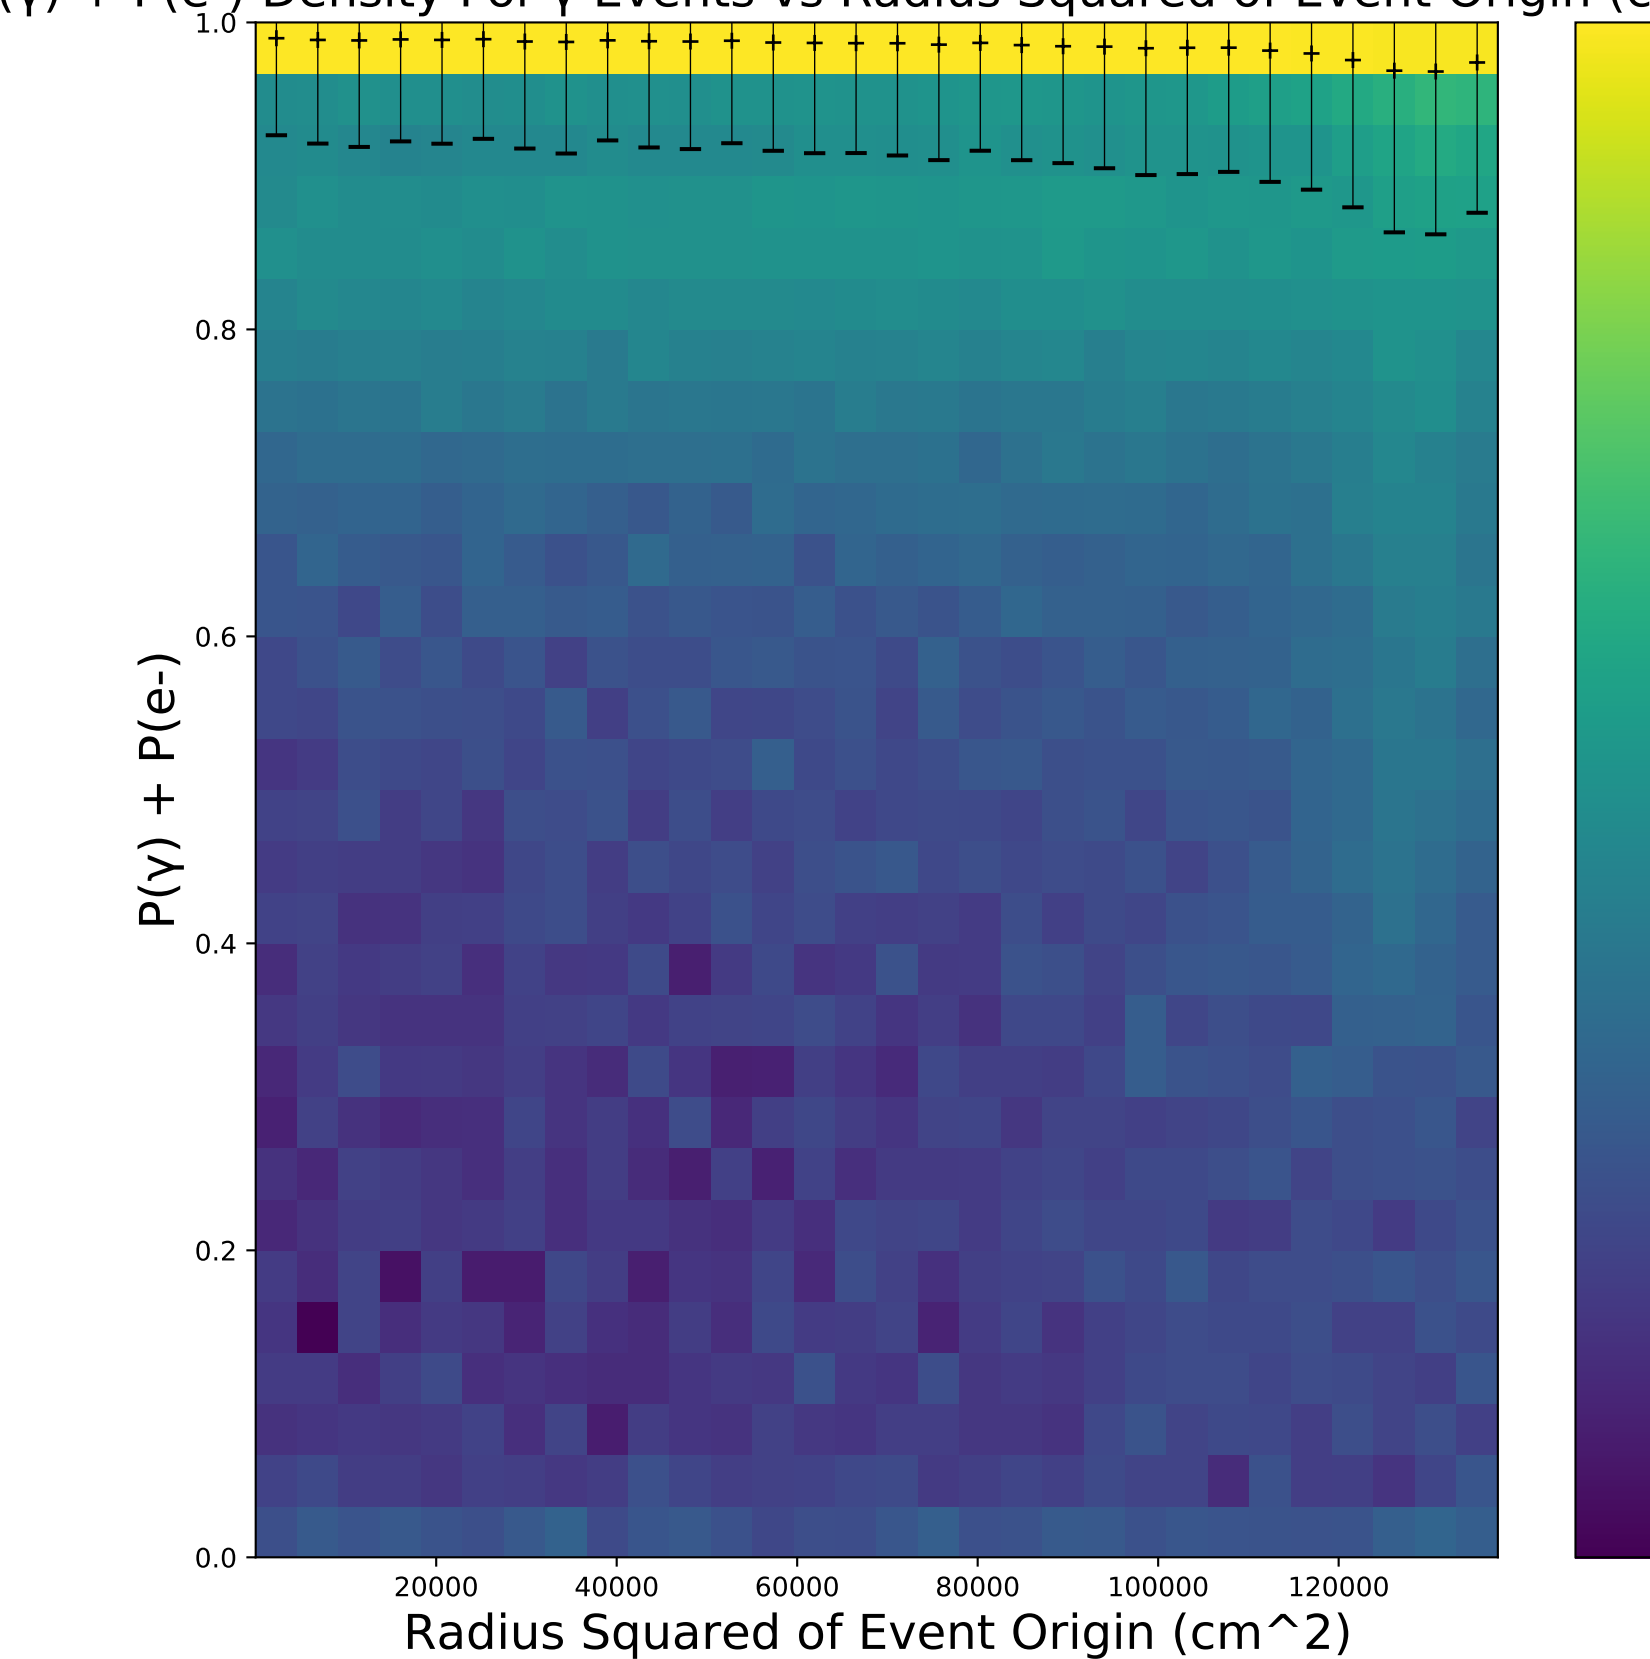

P(e-) Density For γ Events vs Radius Squared of Event Origin (cm²)

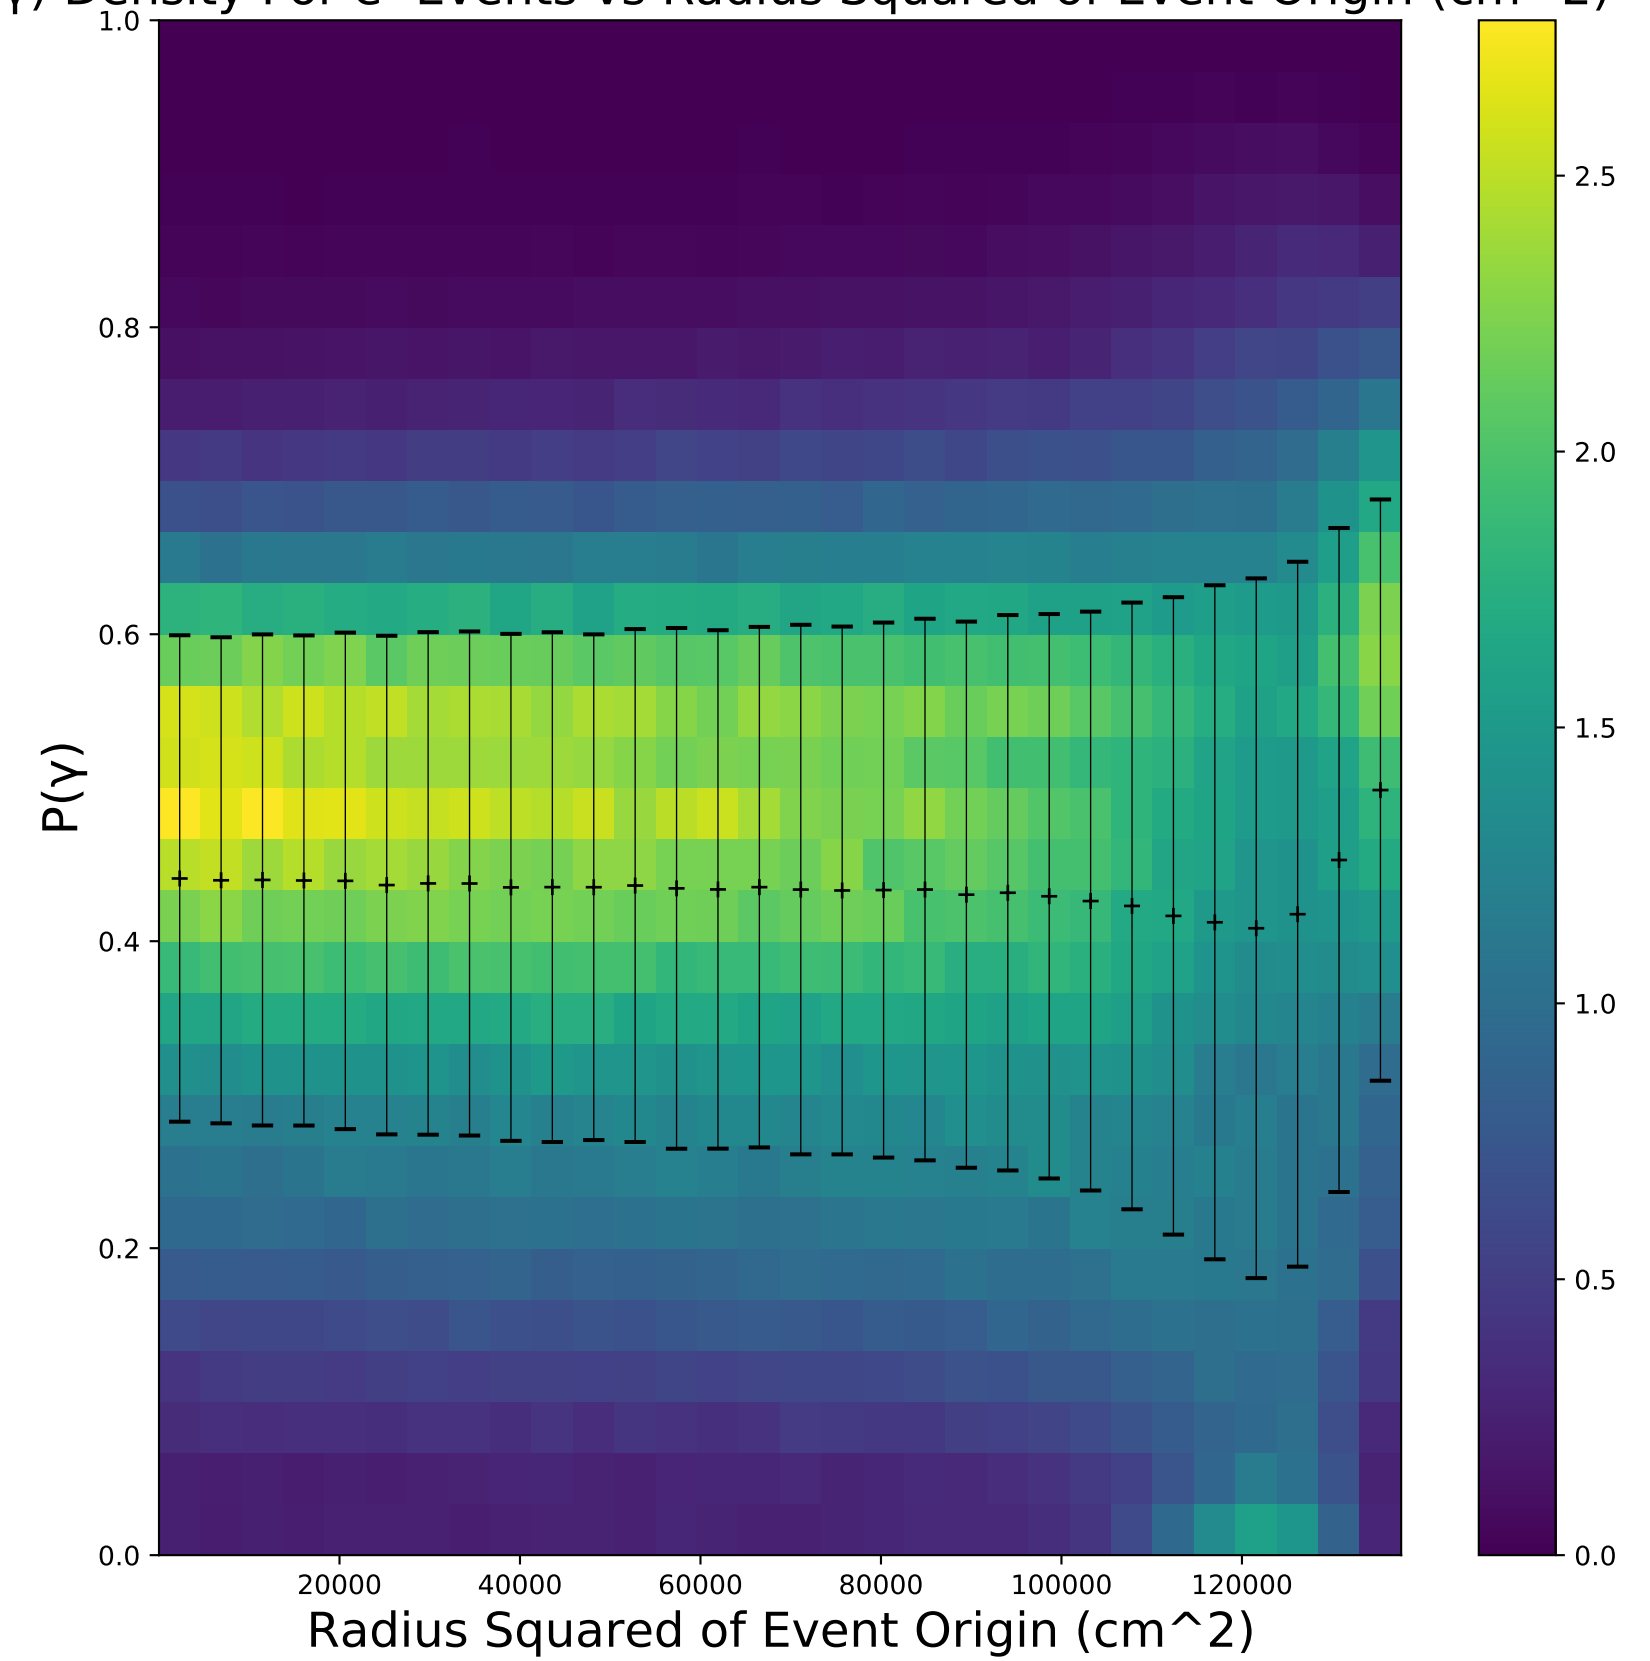

P(μ^-) Density For γ Events vs Radius Squared of Event Origin (cm²)

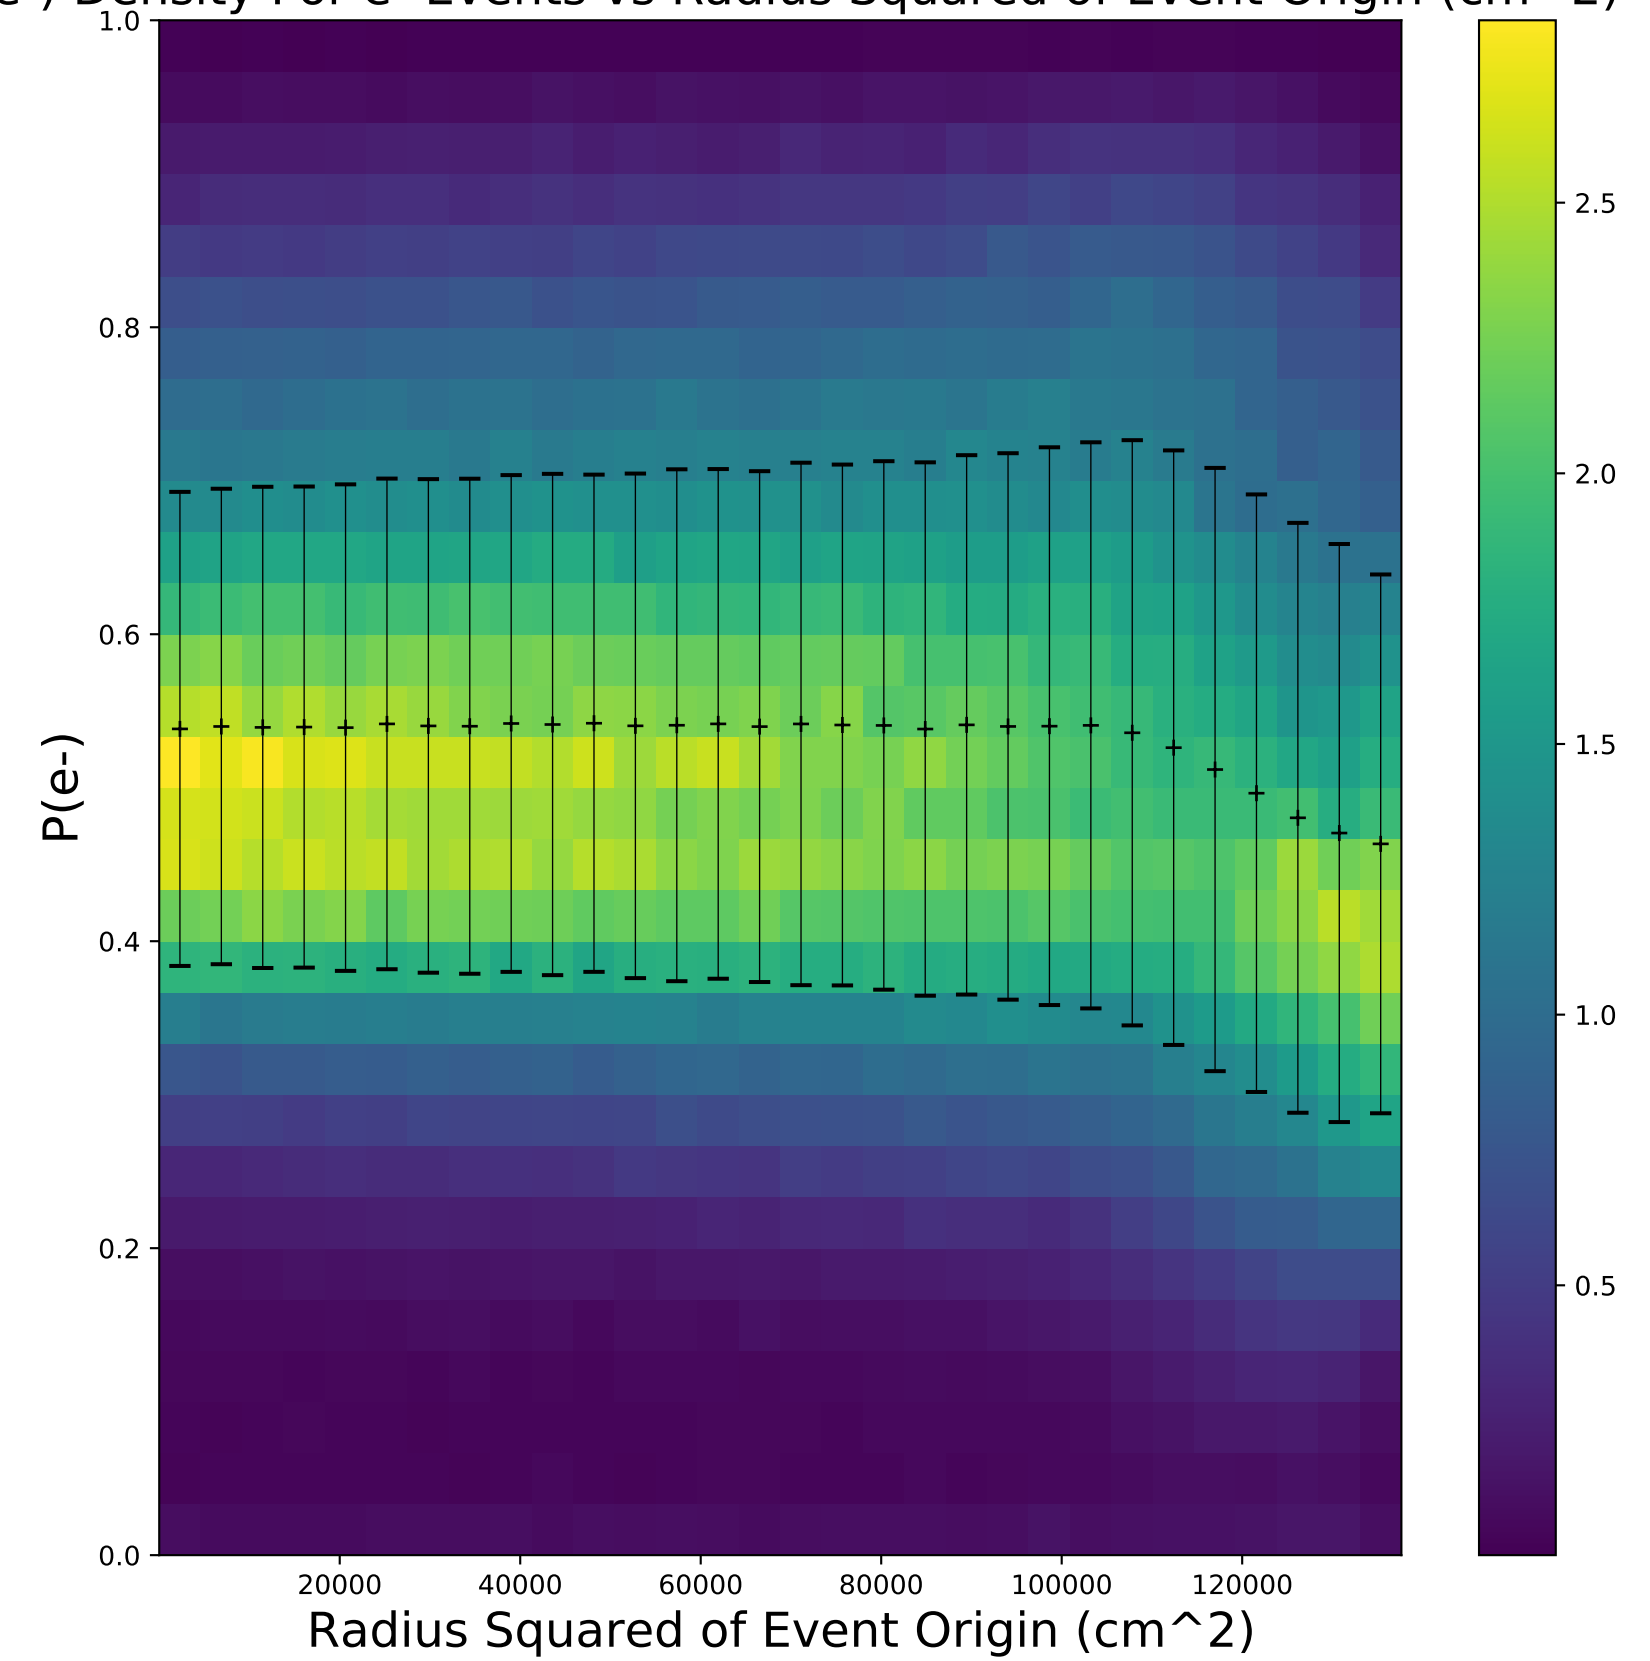

P(γ) + P(e-) Density For γ Events vs Radius Squared of Event Origin (cm²)

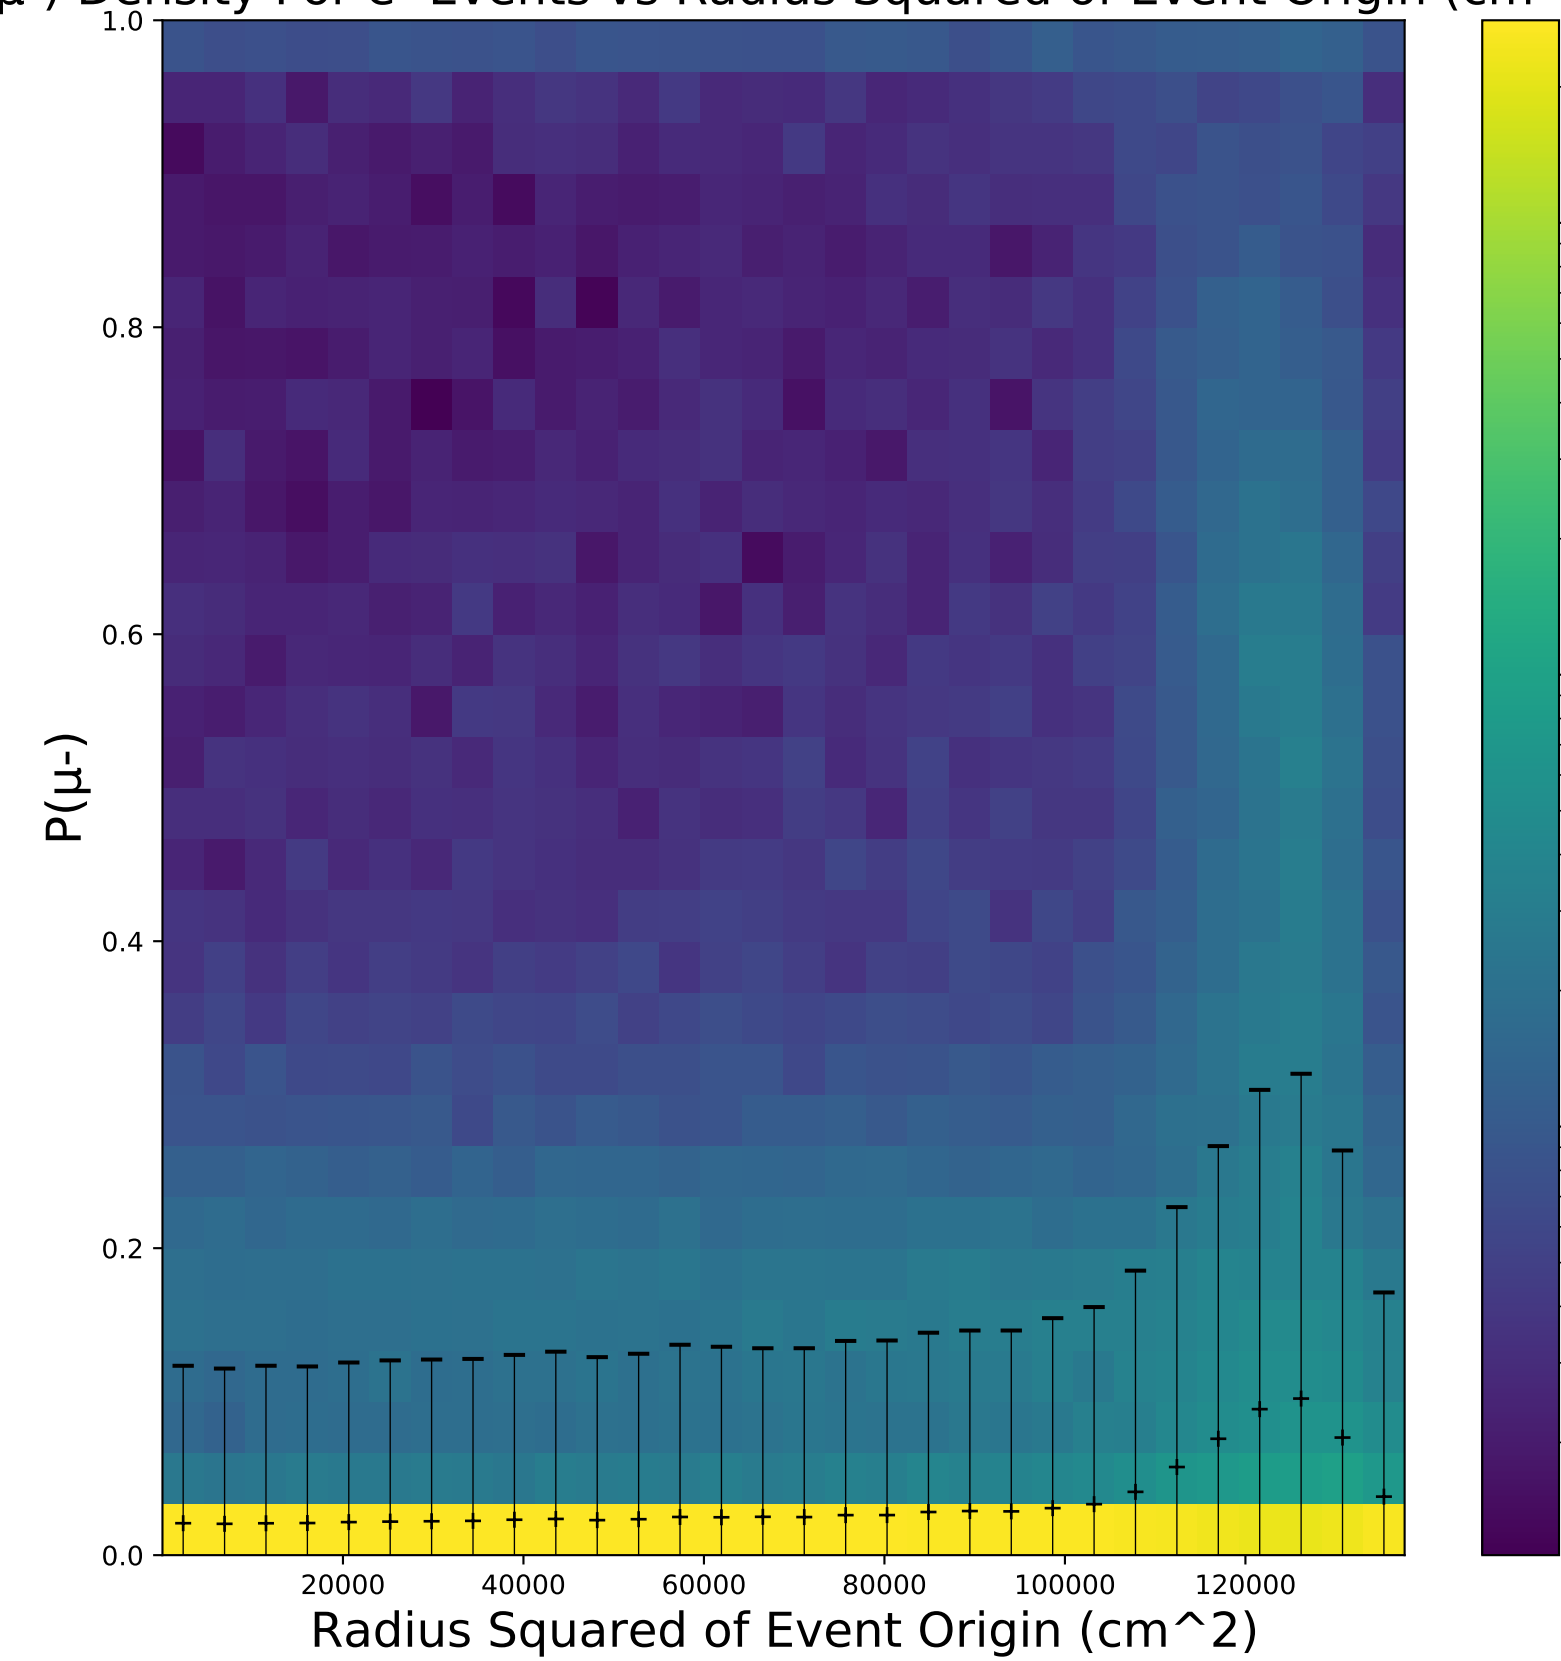

P(γ) Density For e- Events vs Radius Squared of Event Origin (cm²)

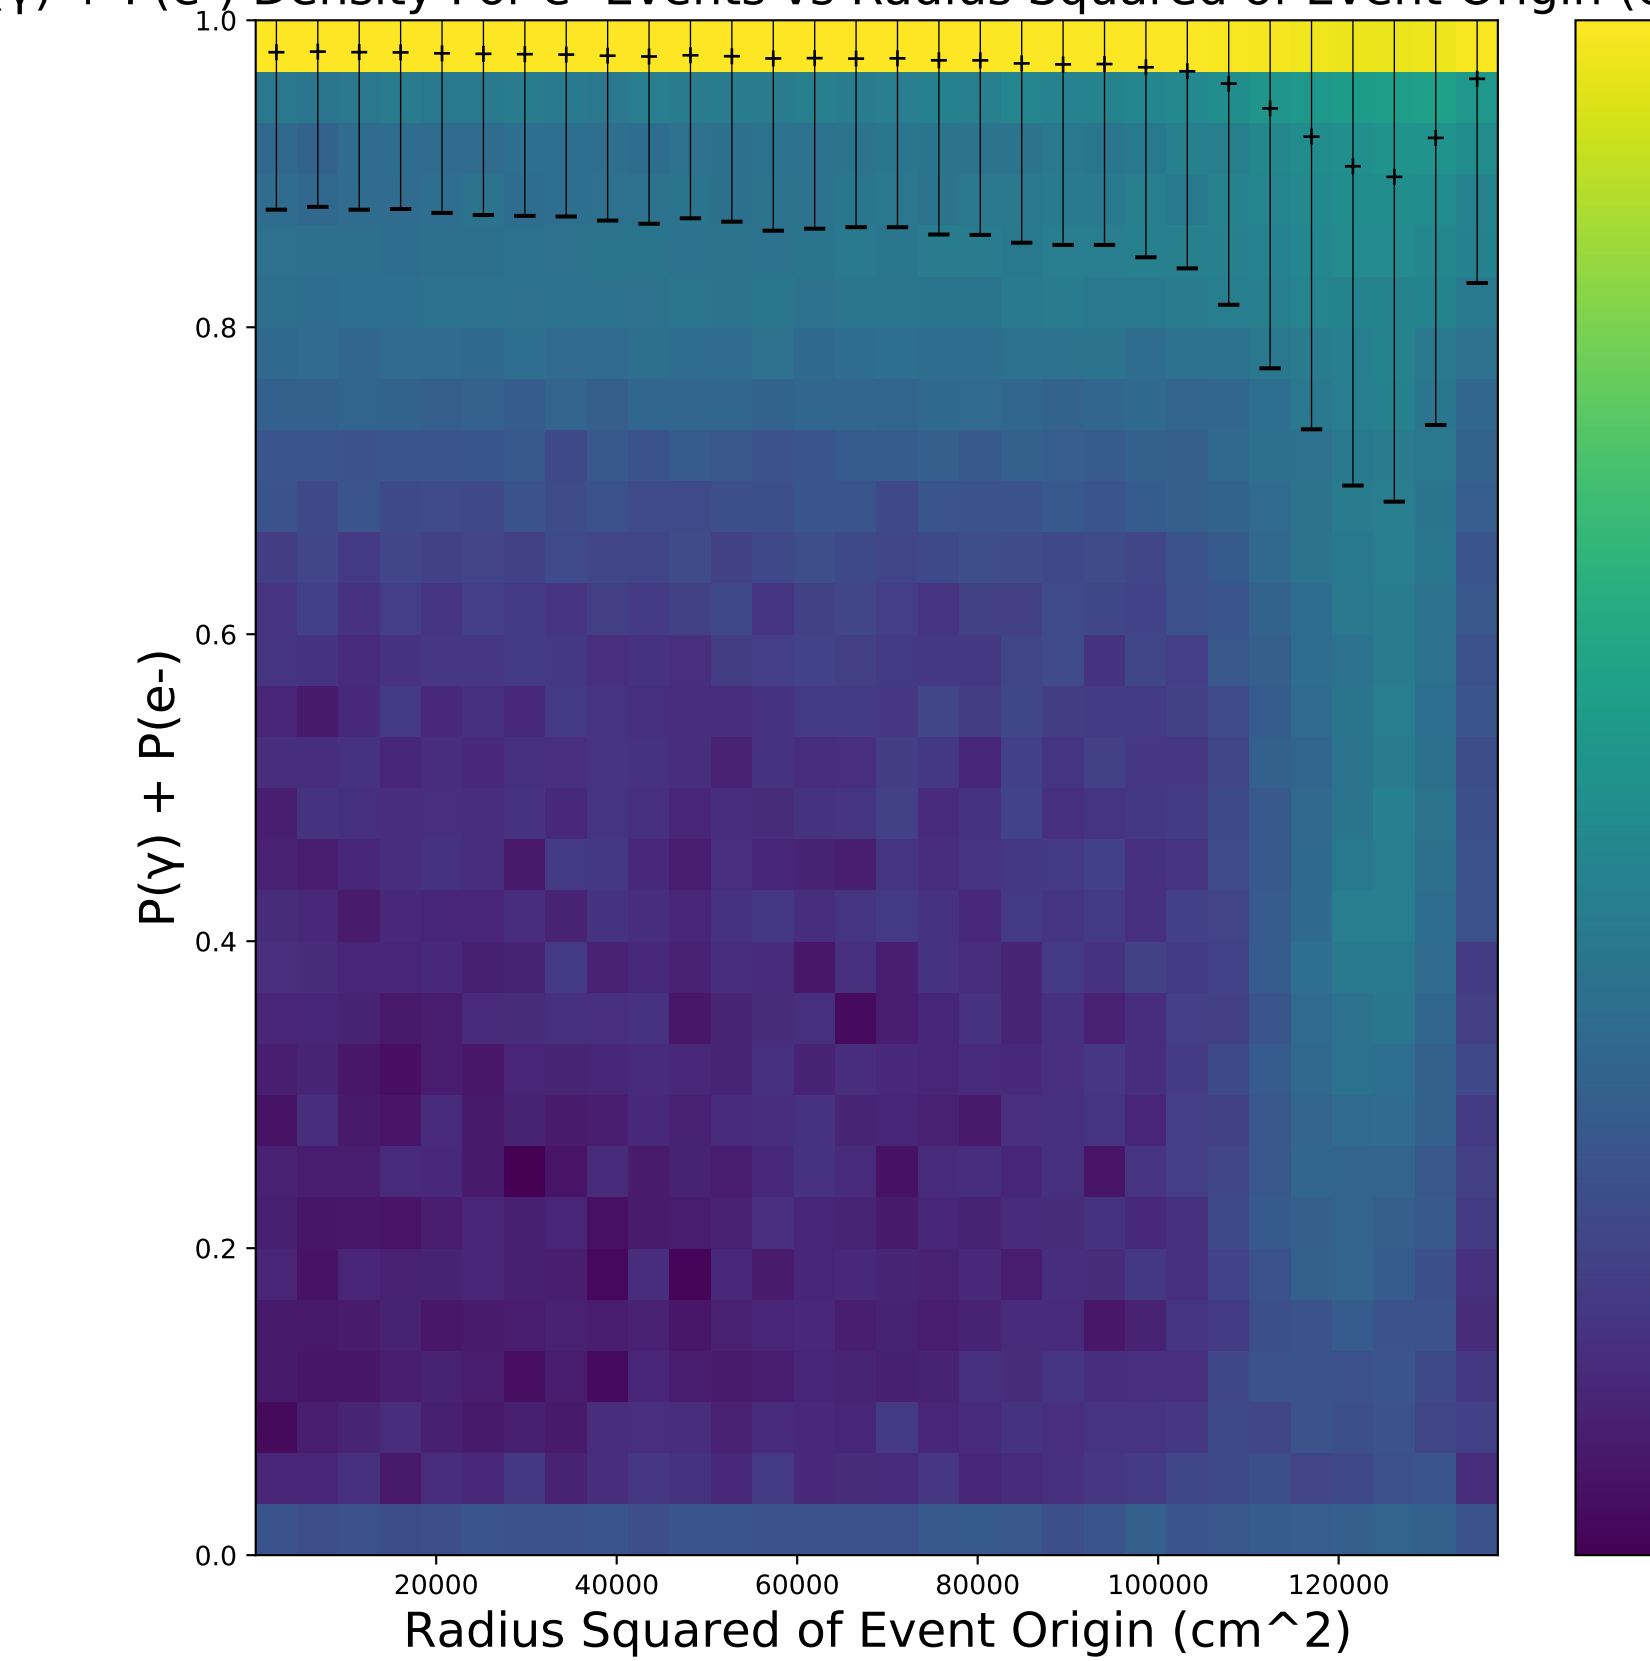

P(e-) Density For e- Events vs Radius Squared of Event Origin (cm²)

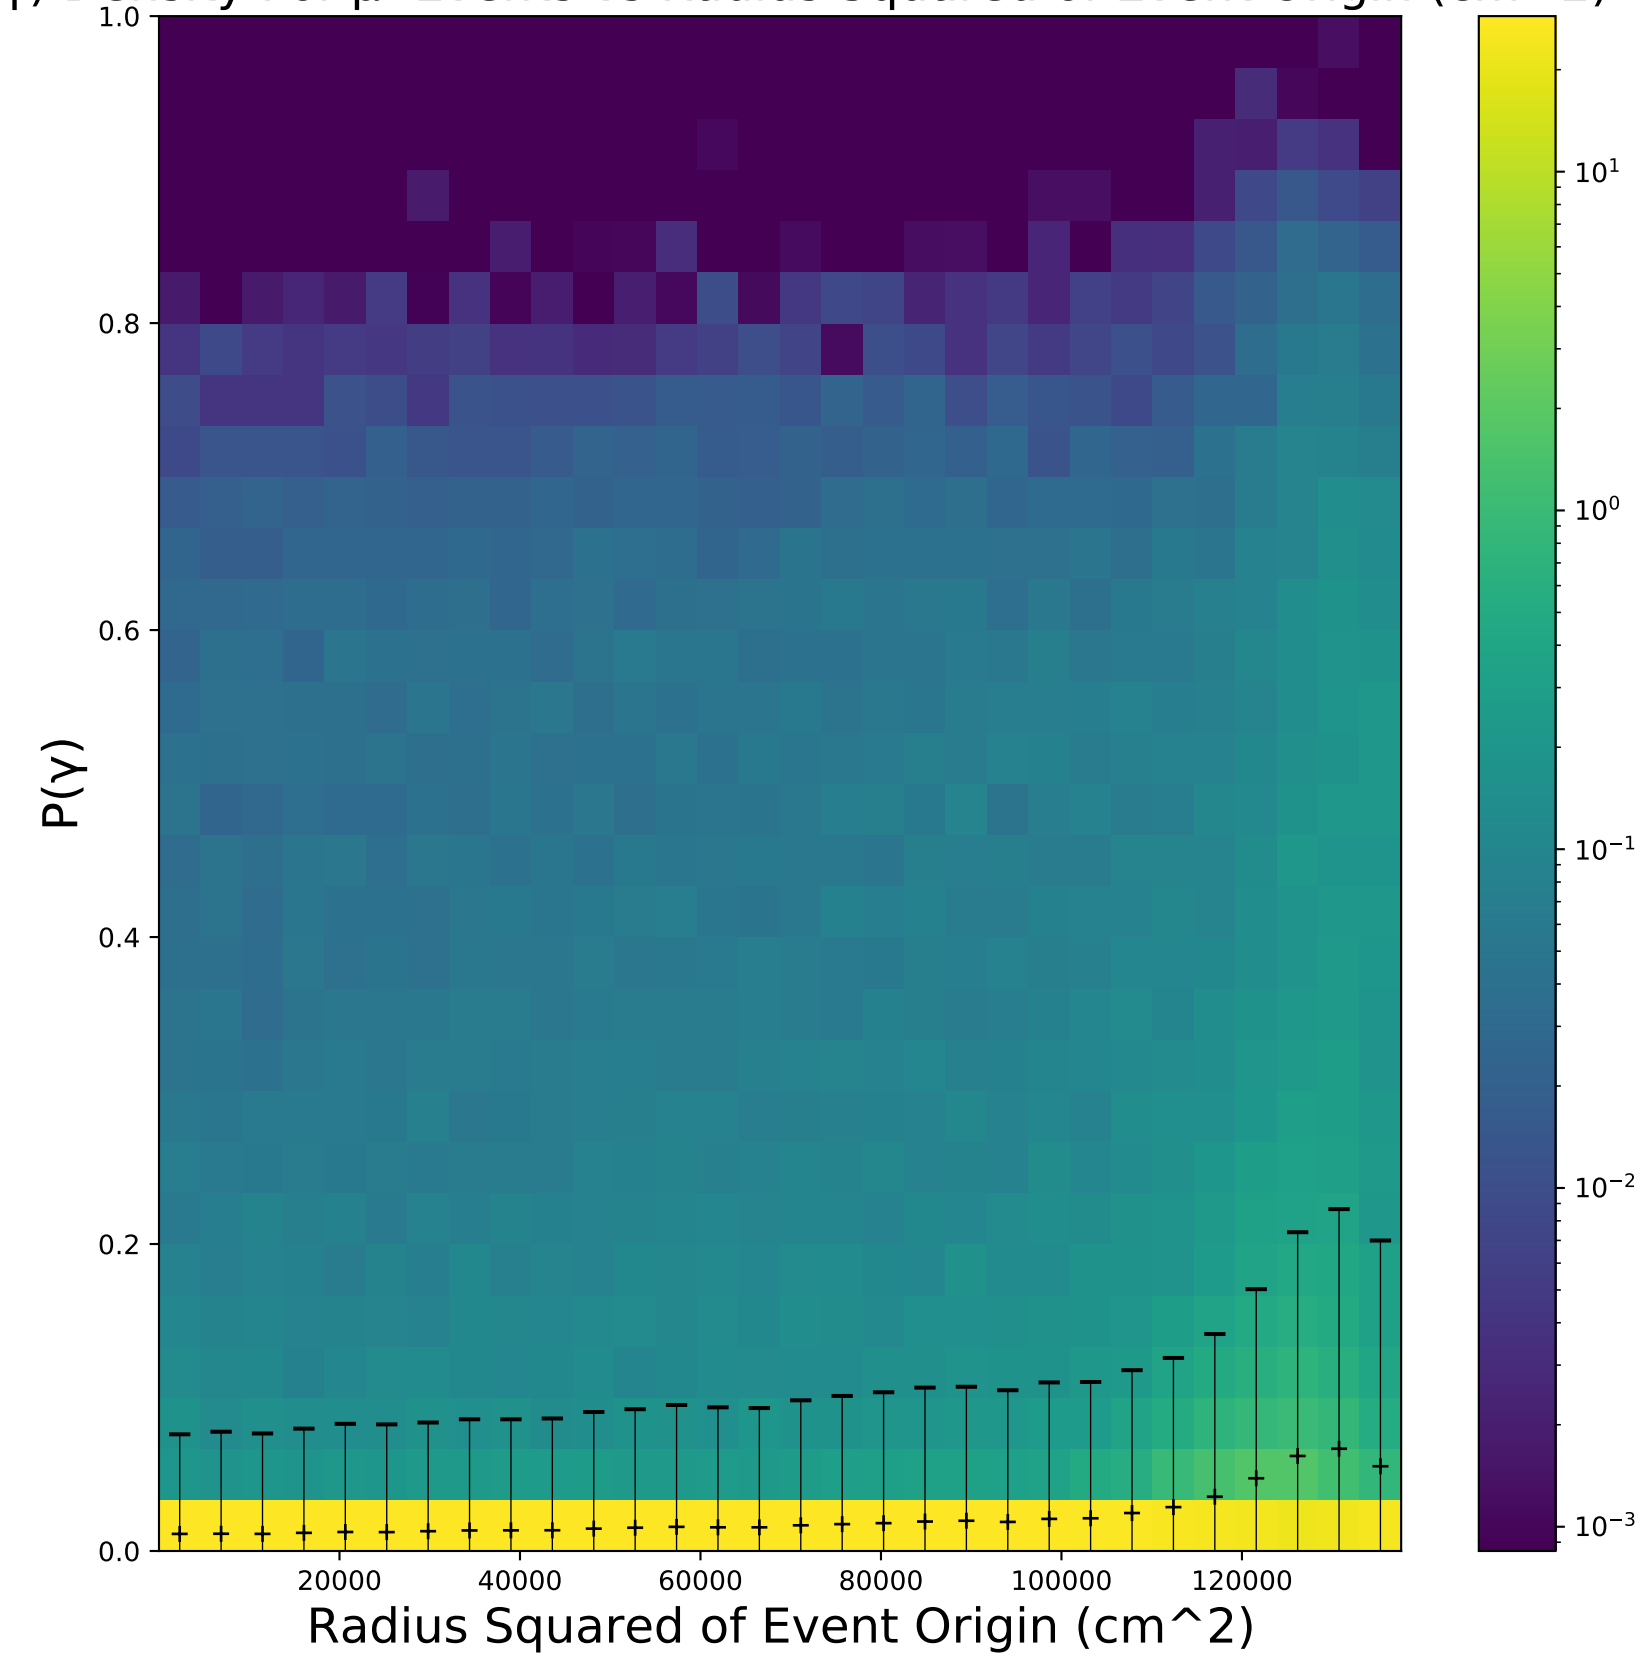

P(μ^-) Density For e- Events vs Radius Squared of Event Origin (cm²)

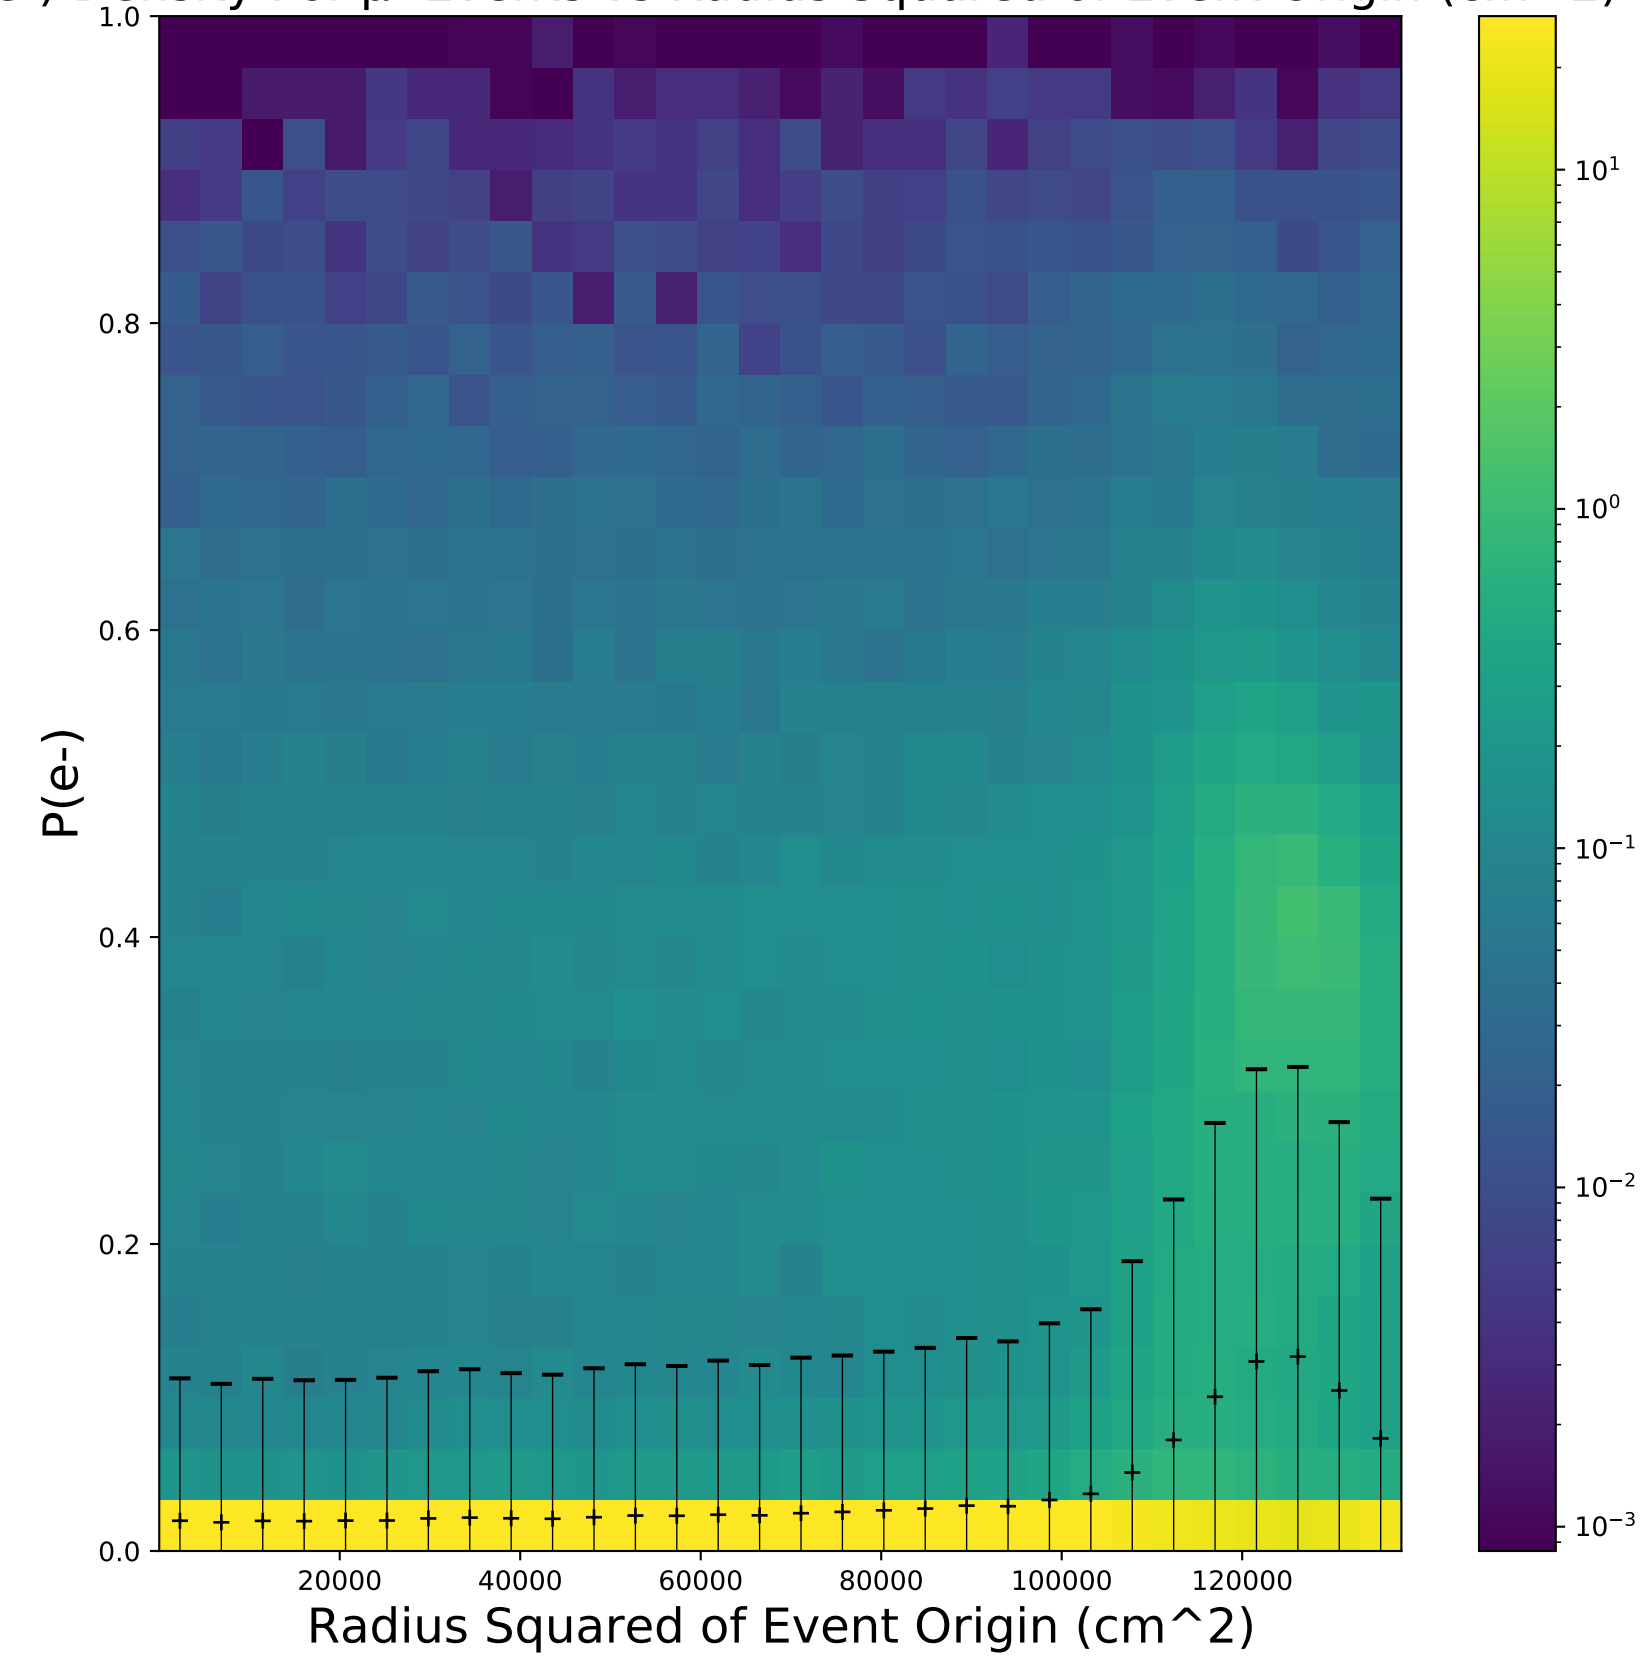

P(γ) + P(e-) Density For e- Events vs Radius Squared of Event Origin (cm²)

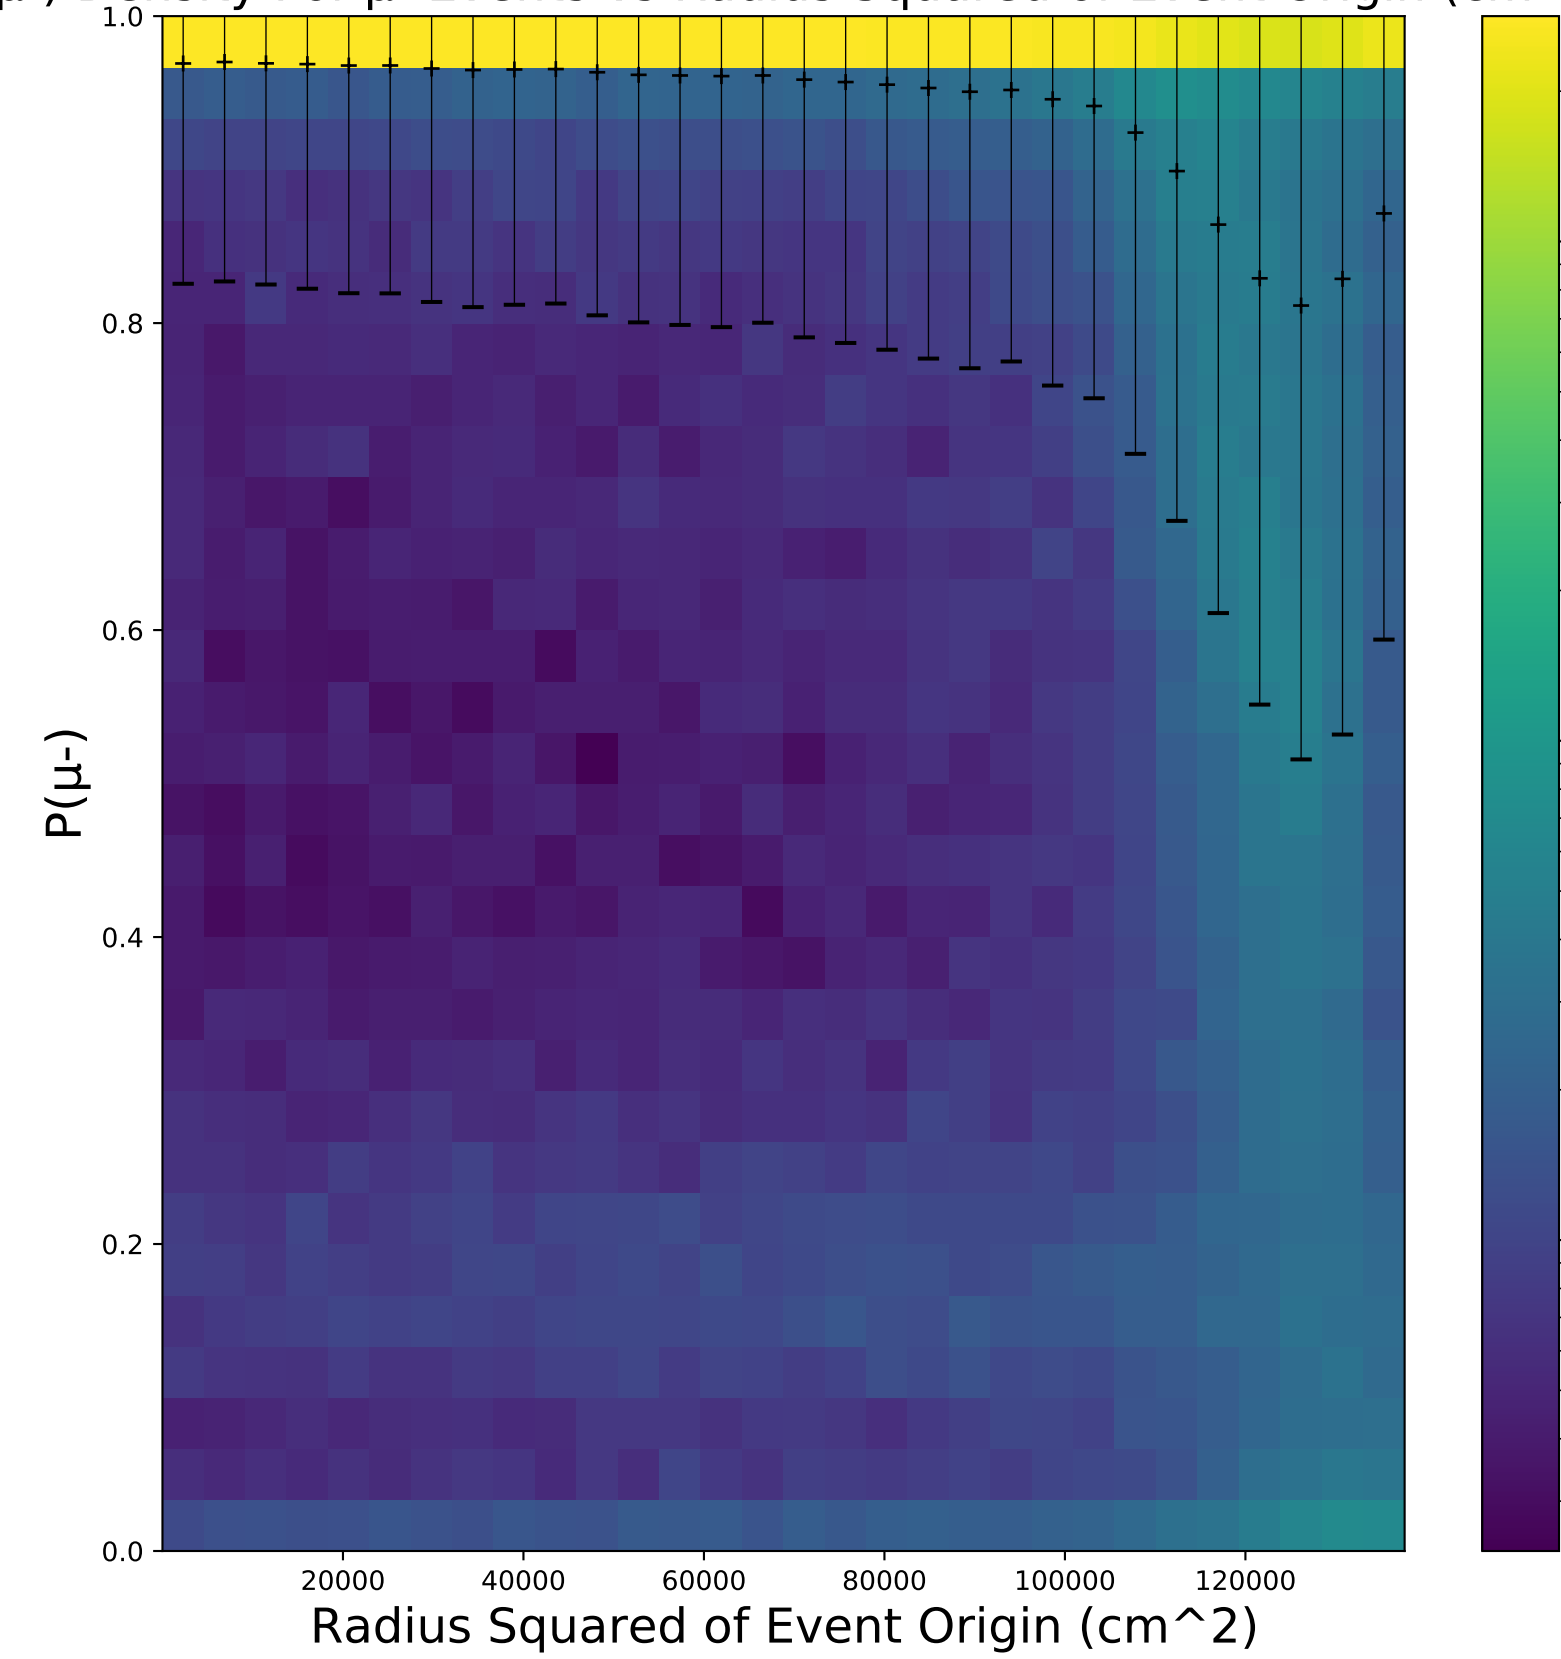

P(γ) Density For μ^- Events vs Radius Squared of Event Origin (cm²)

P(e-) Density For μ^- Events vs Radius Squared of Event Origin (cm²)

P(μ^-) Density For μ^- Events vs Radius Squared of Event Origin (cm²)

P(γ) + P(e-) Density For μ^- Events vs Radius Squared of Event Origin (cm²)
