

P(γ) Density For γ Events vs Energy above Cherenkov Threshold (MeV)

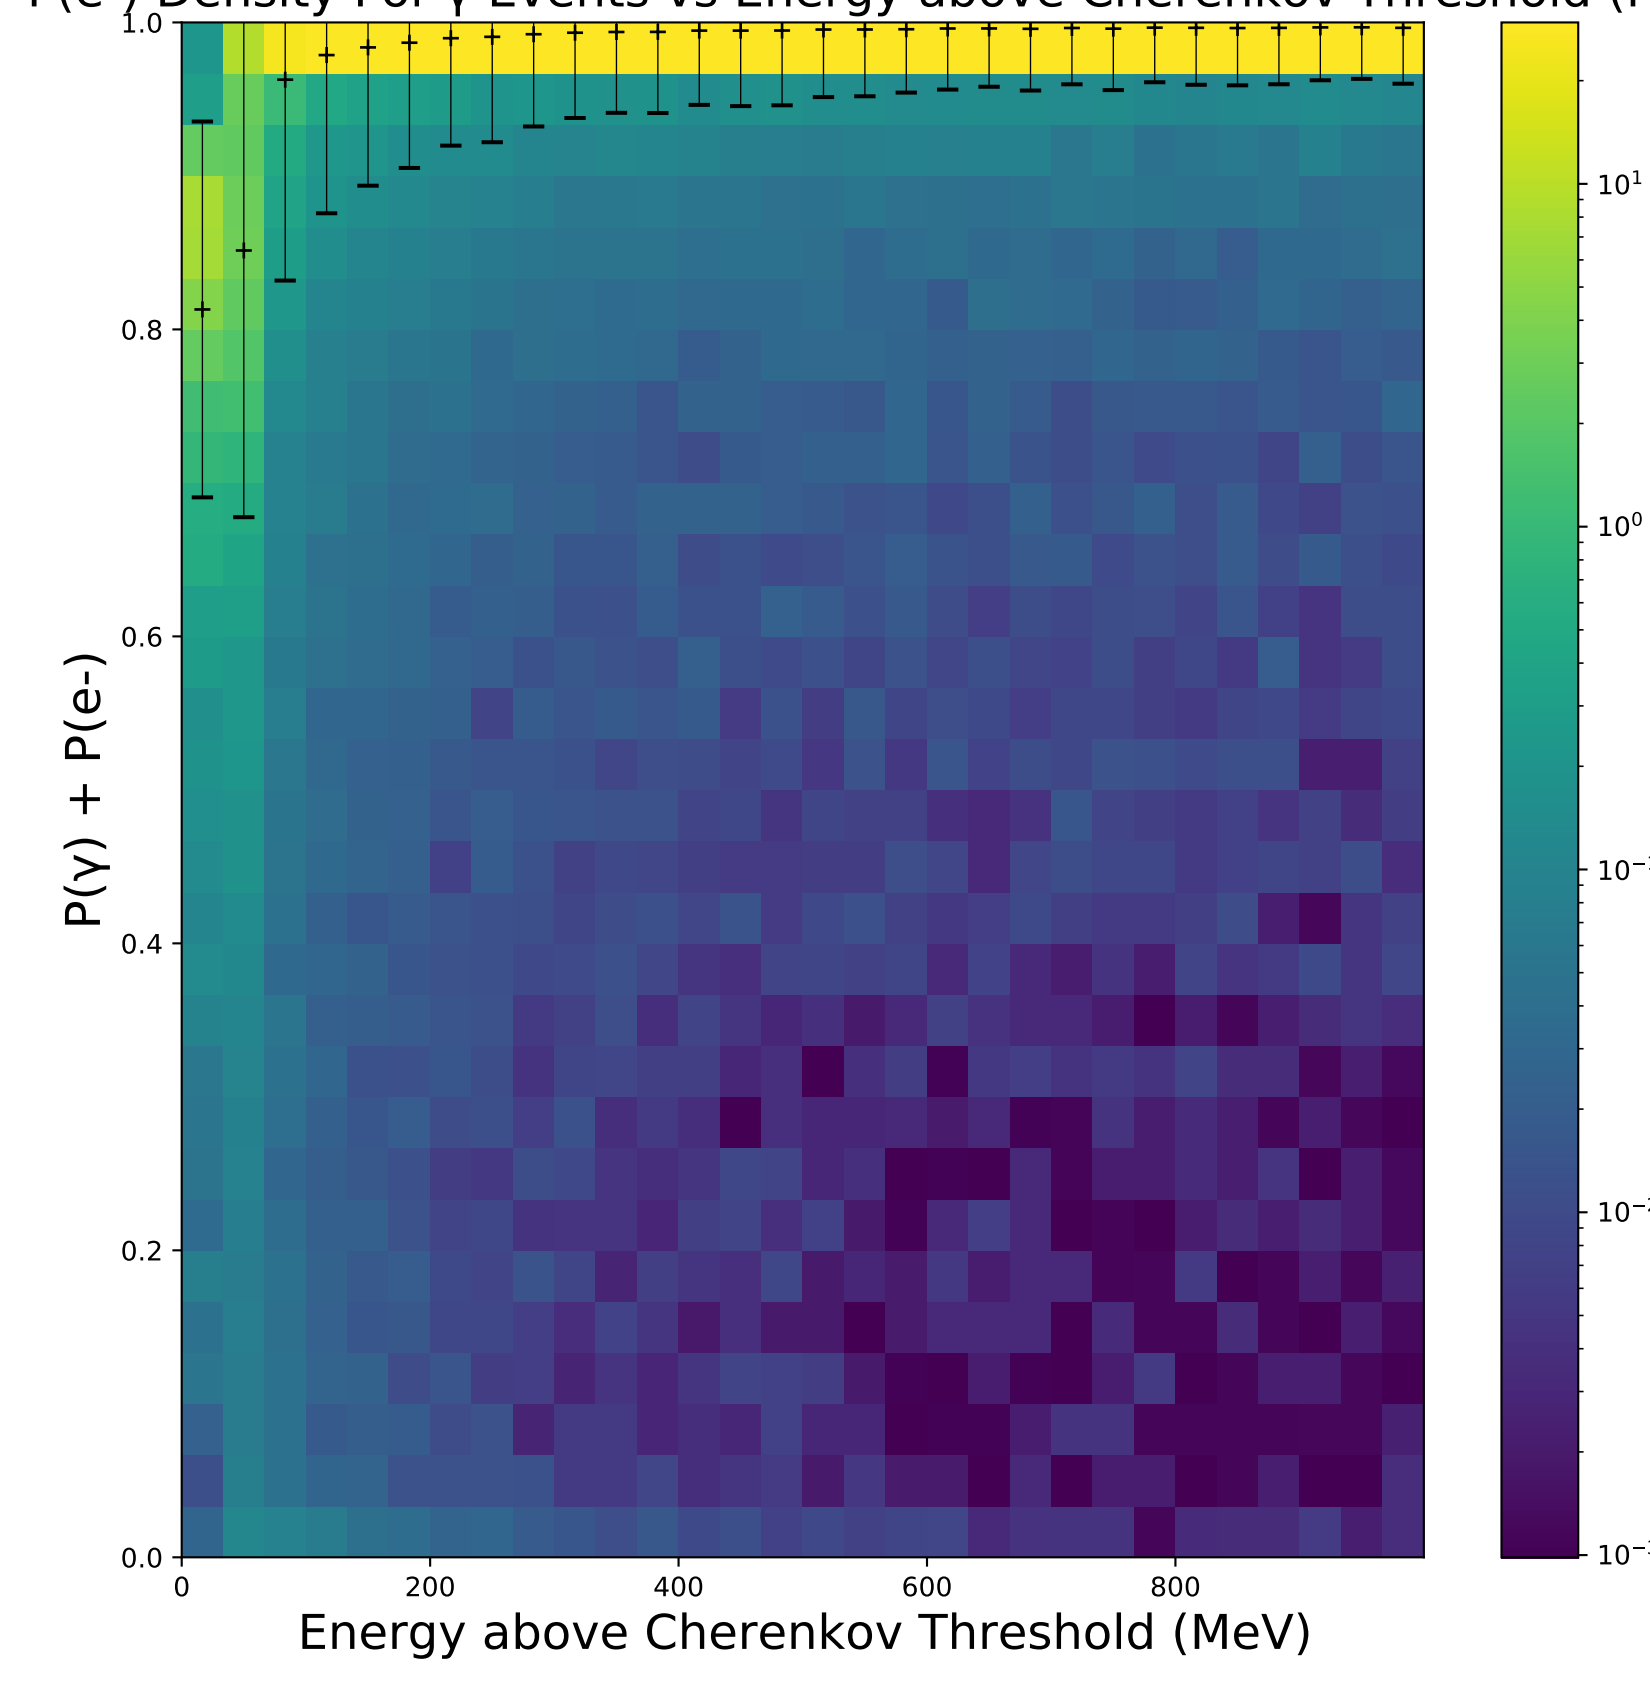

P(e-) Density For γ Events vs Energy above Cherenkov Threshold (MeV)

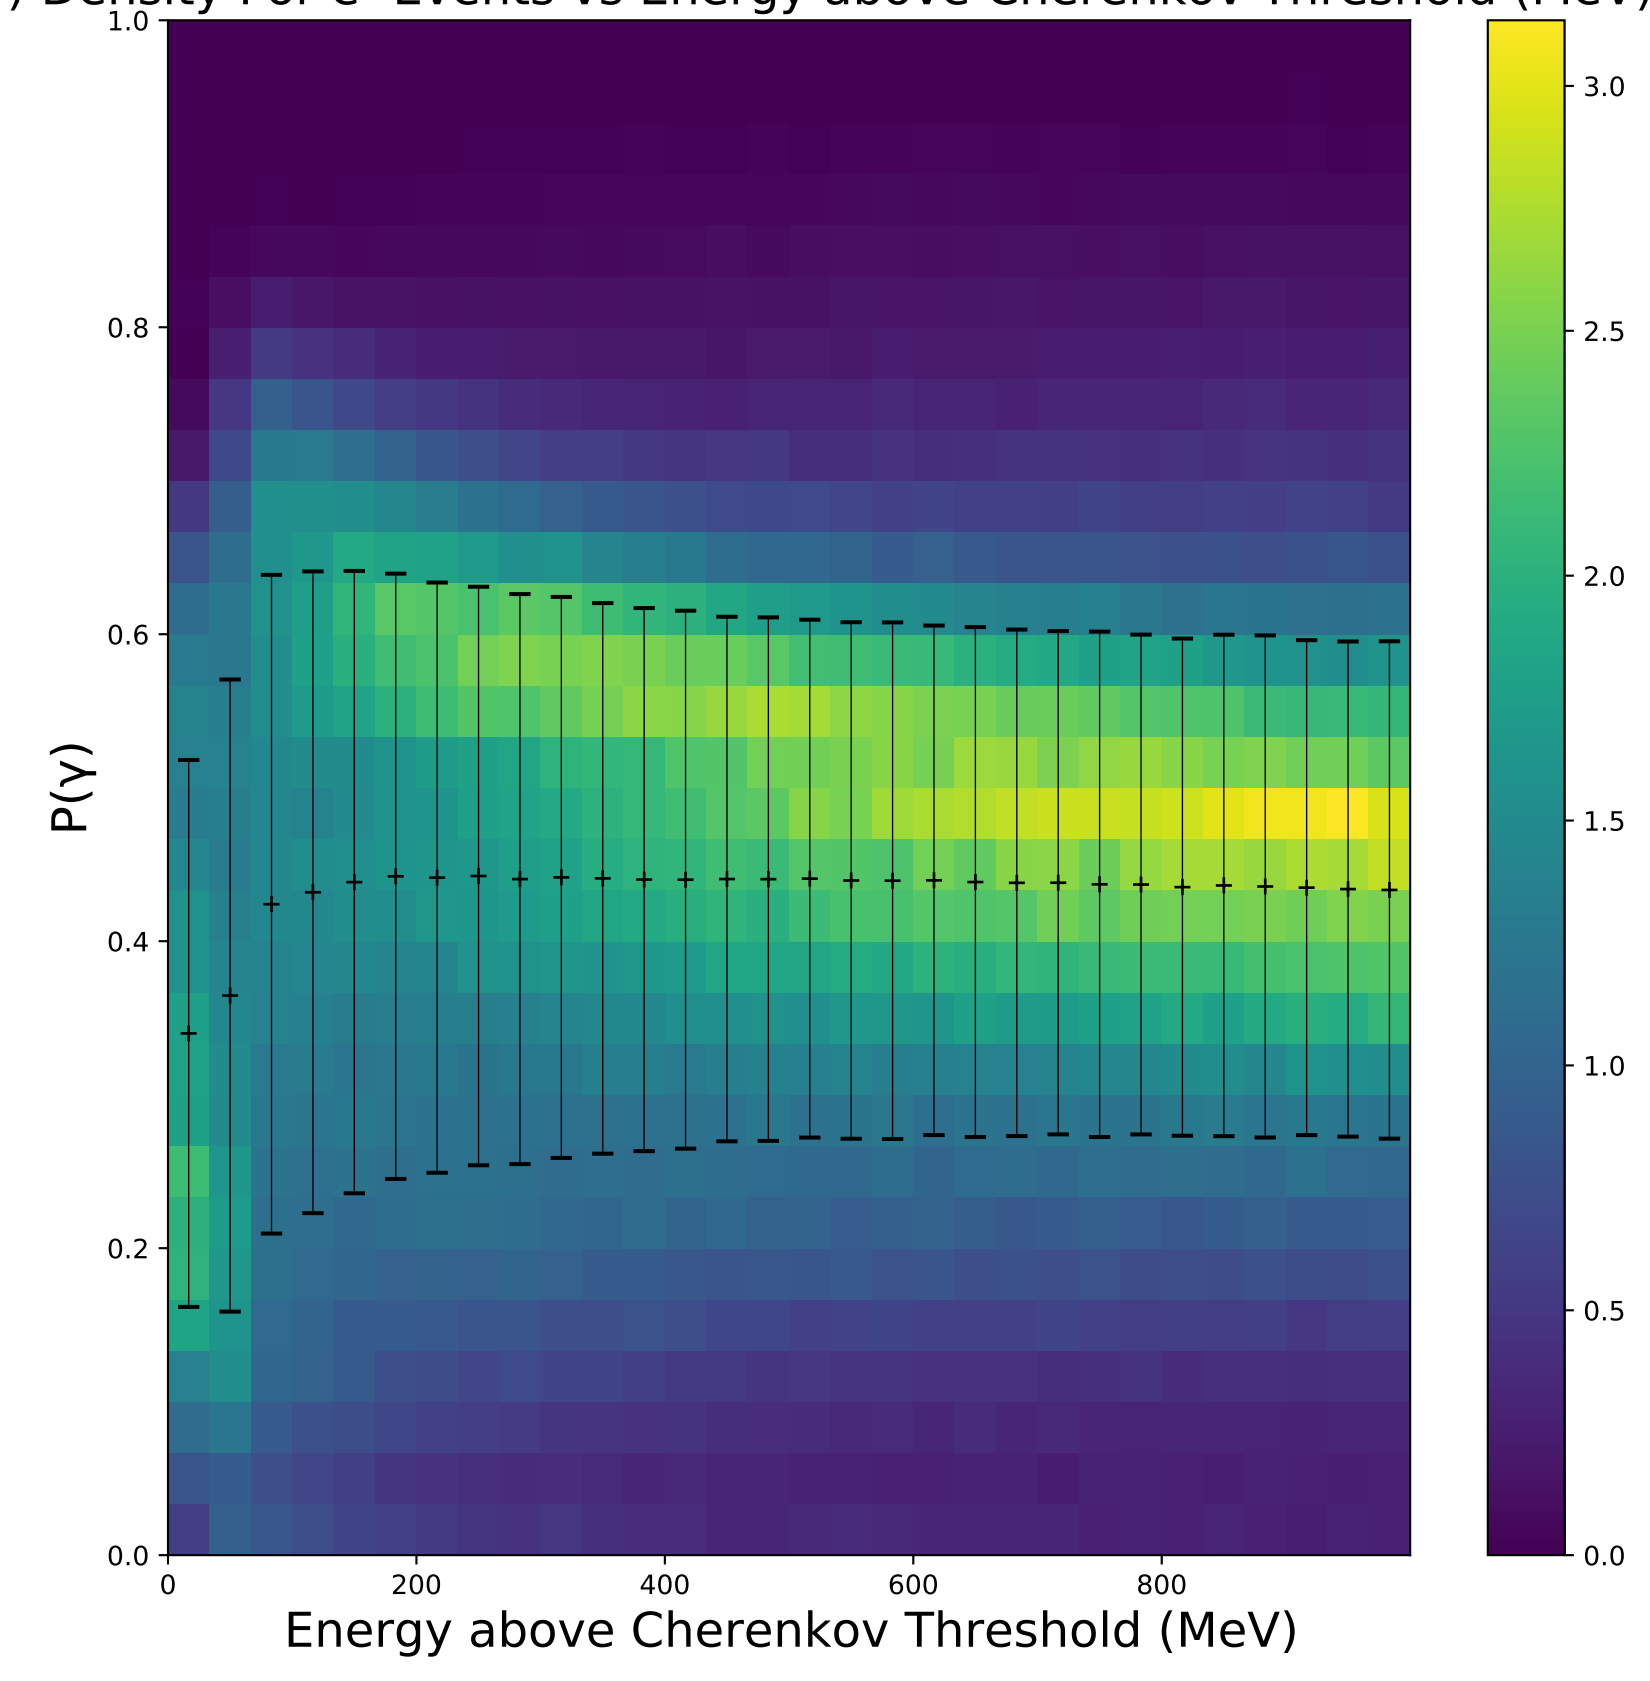

P(μ^-) Density For γ Events vs Energy above Cherenkov Threshold (MeV)

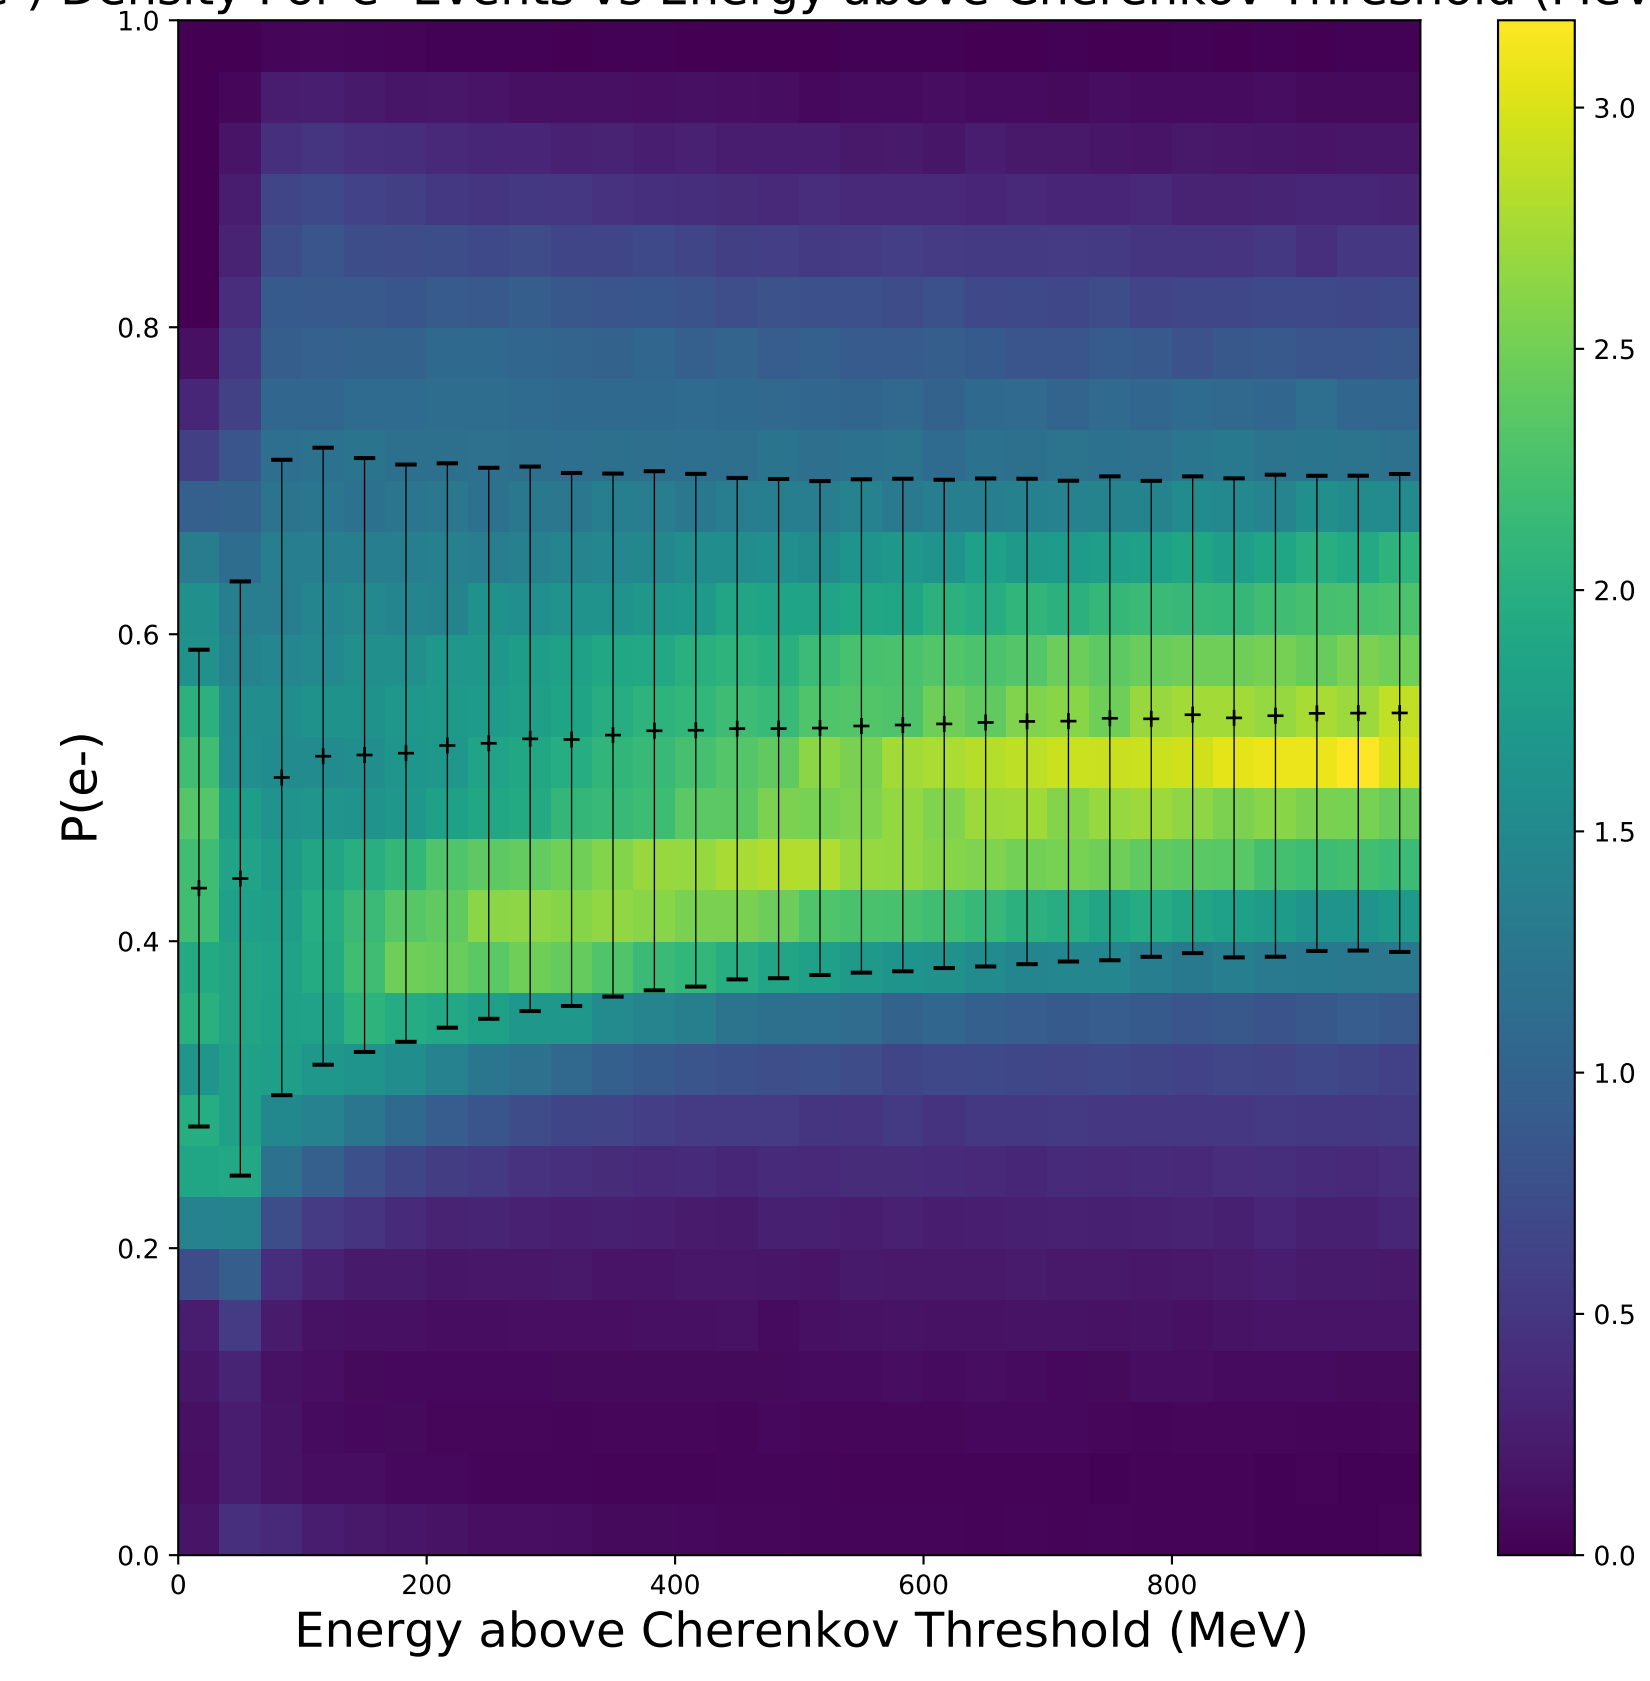

P(γ) + P(e-) Density For γ Events vs Energy above Cherenkov Threshold (MeV)

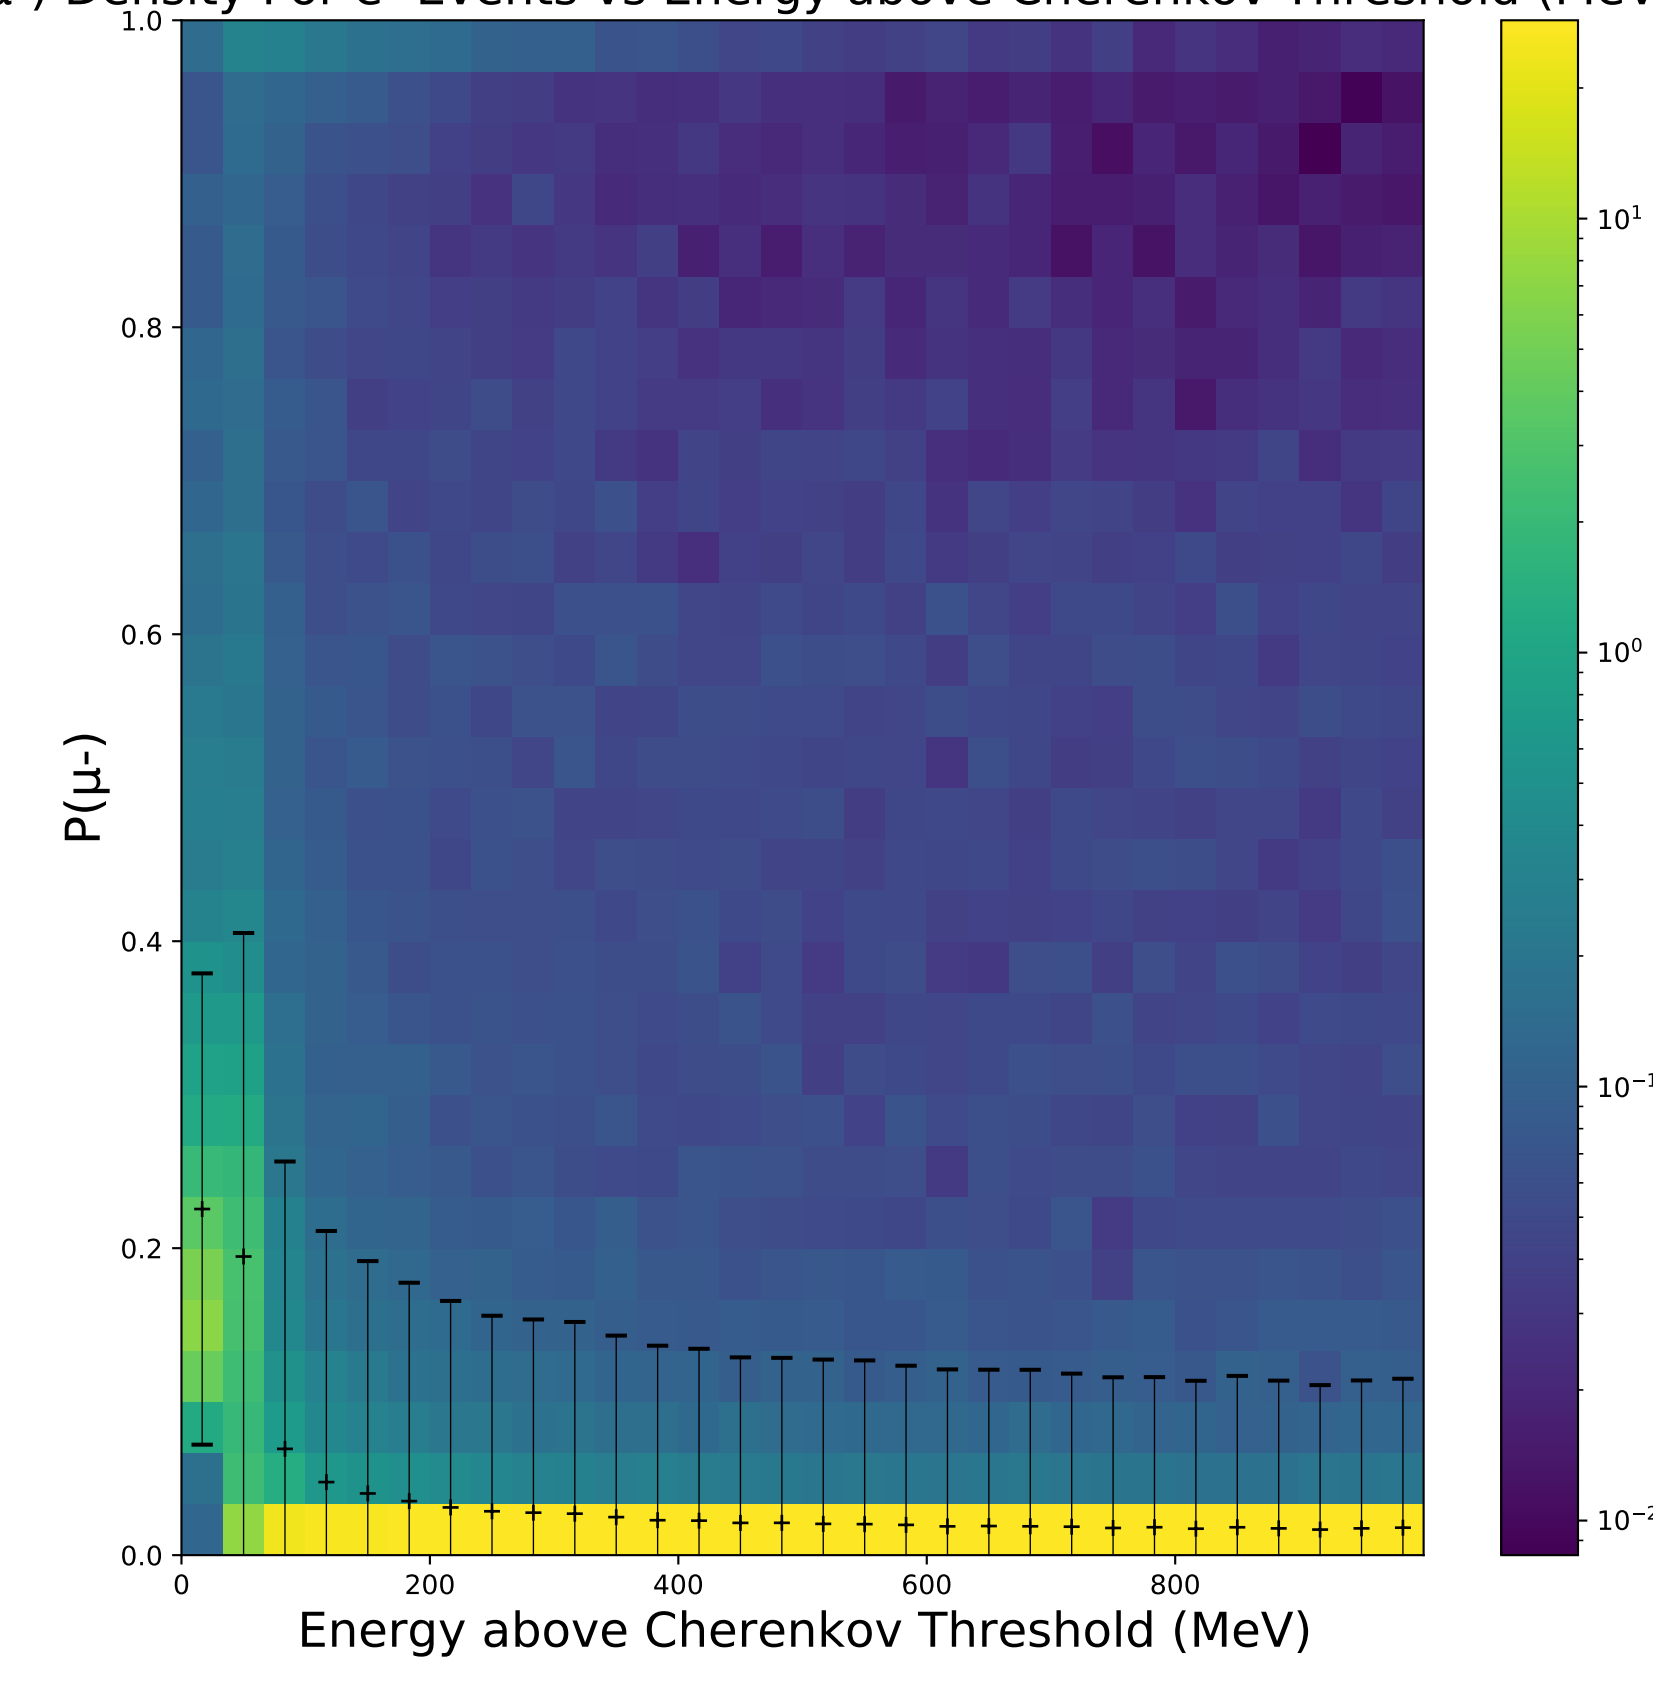

P(γ) Density For e- Events vs Energy above Cherenkov Threshold (MeV)

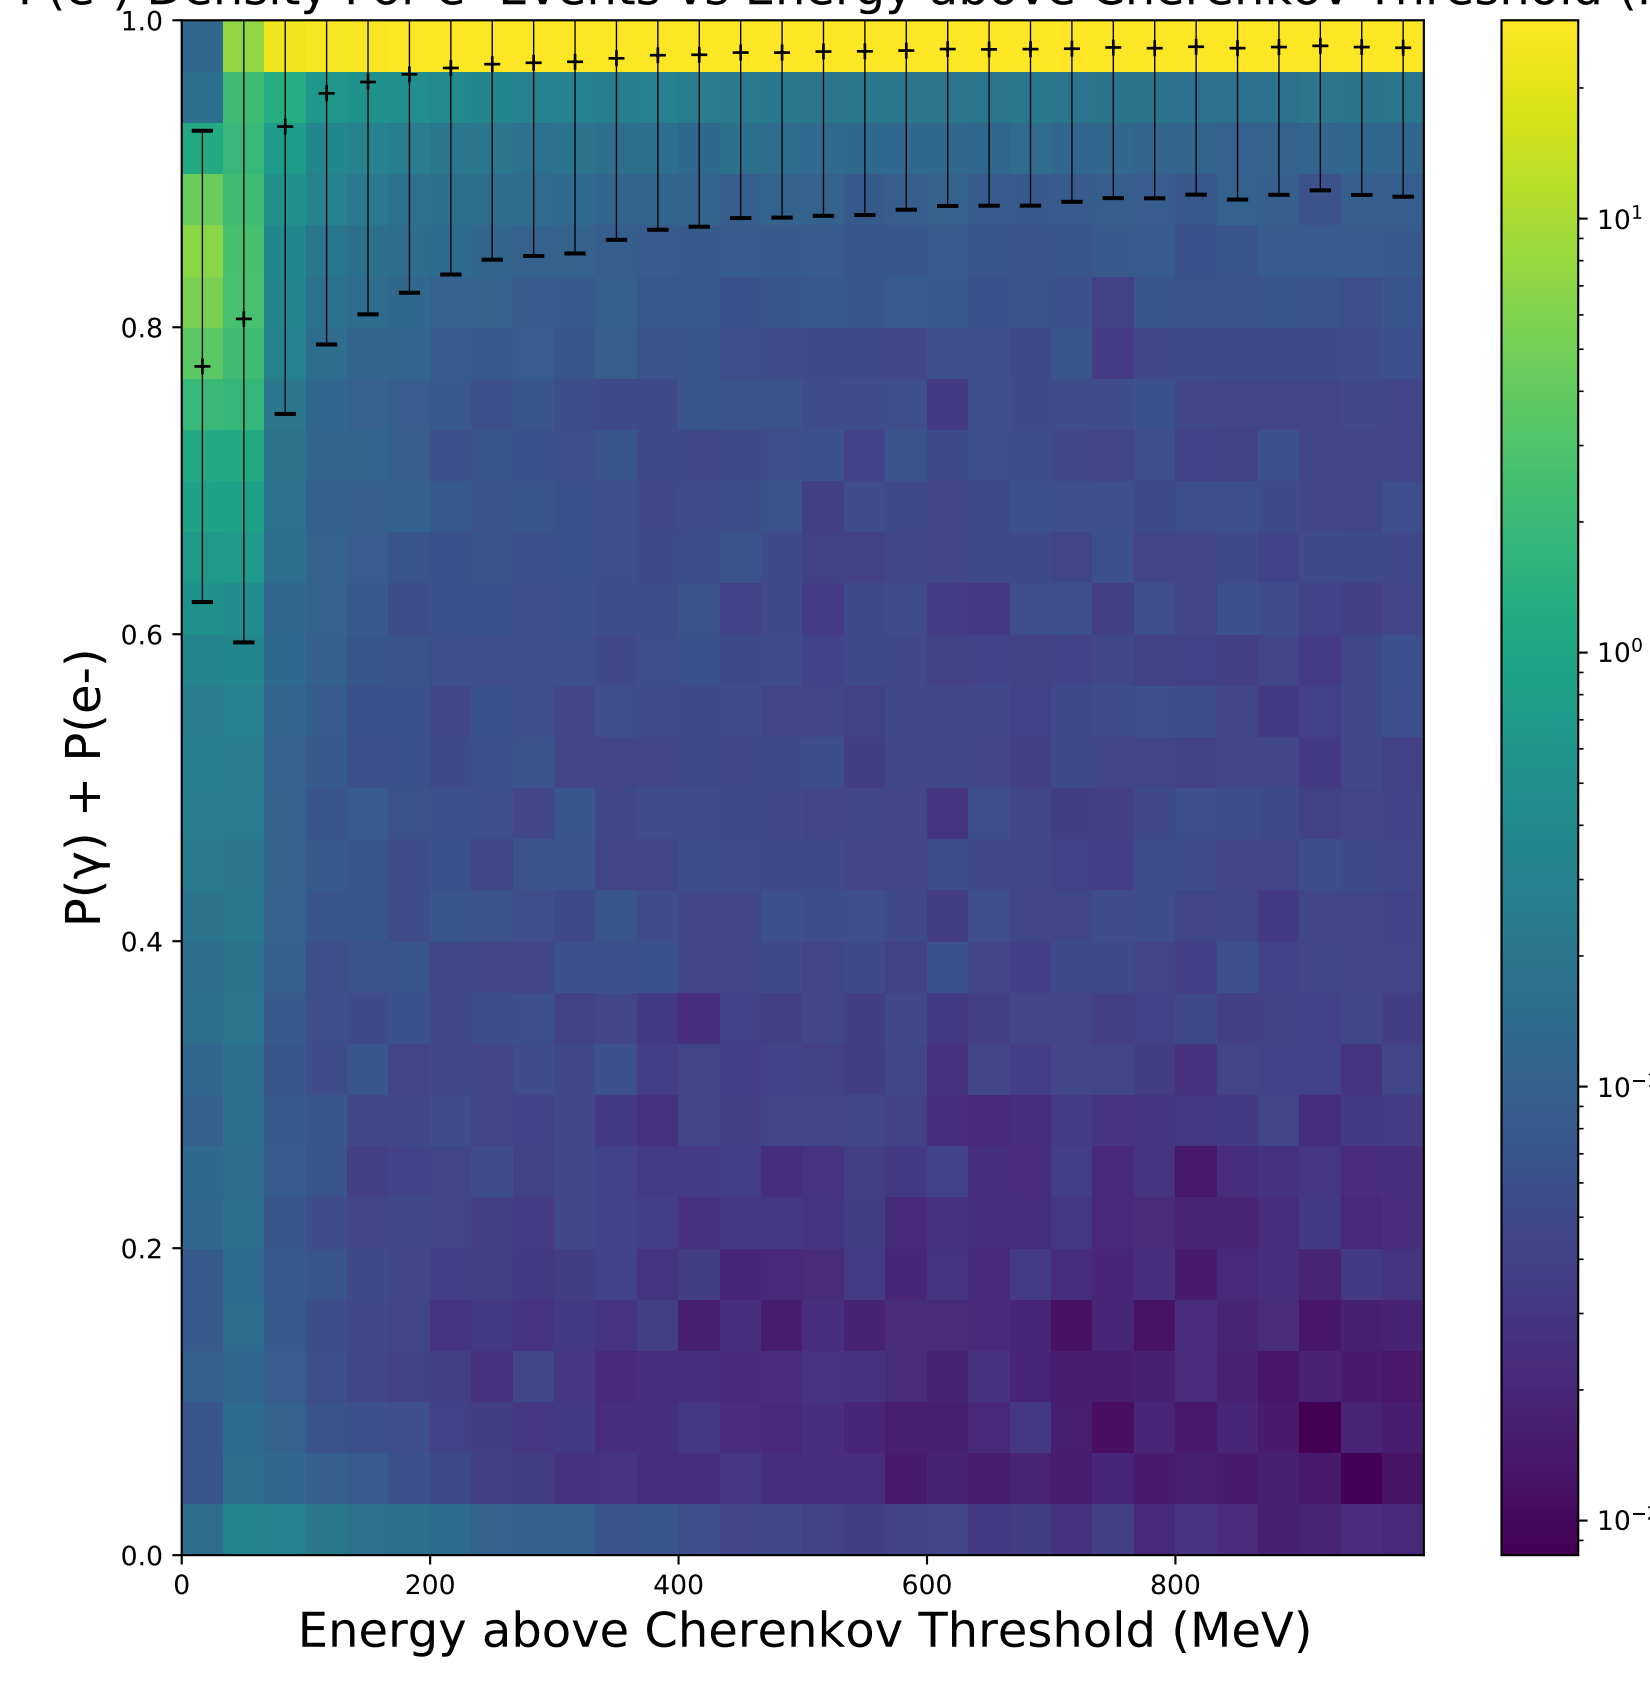

P(e-) Density For e- Events vs Energy above Cherenkov Threshold (MeV)

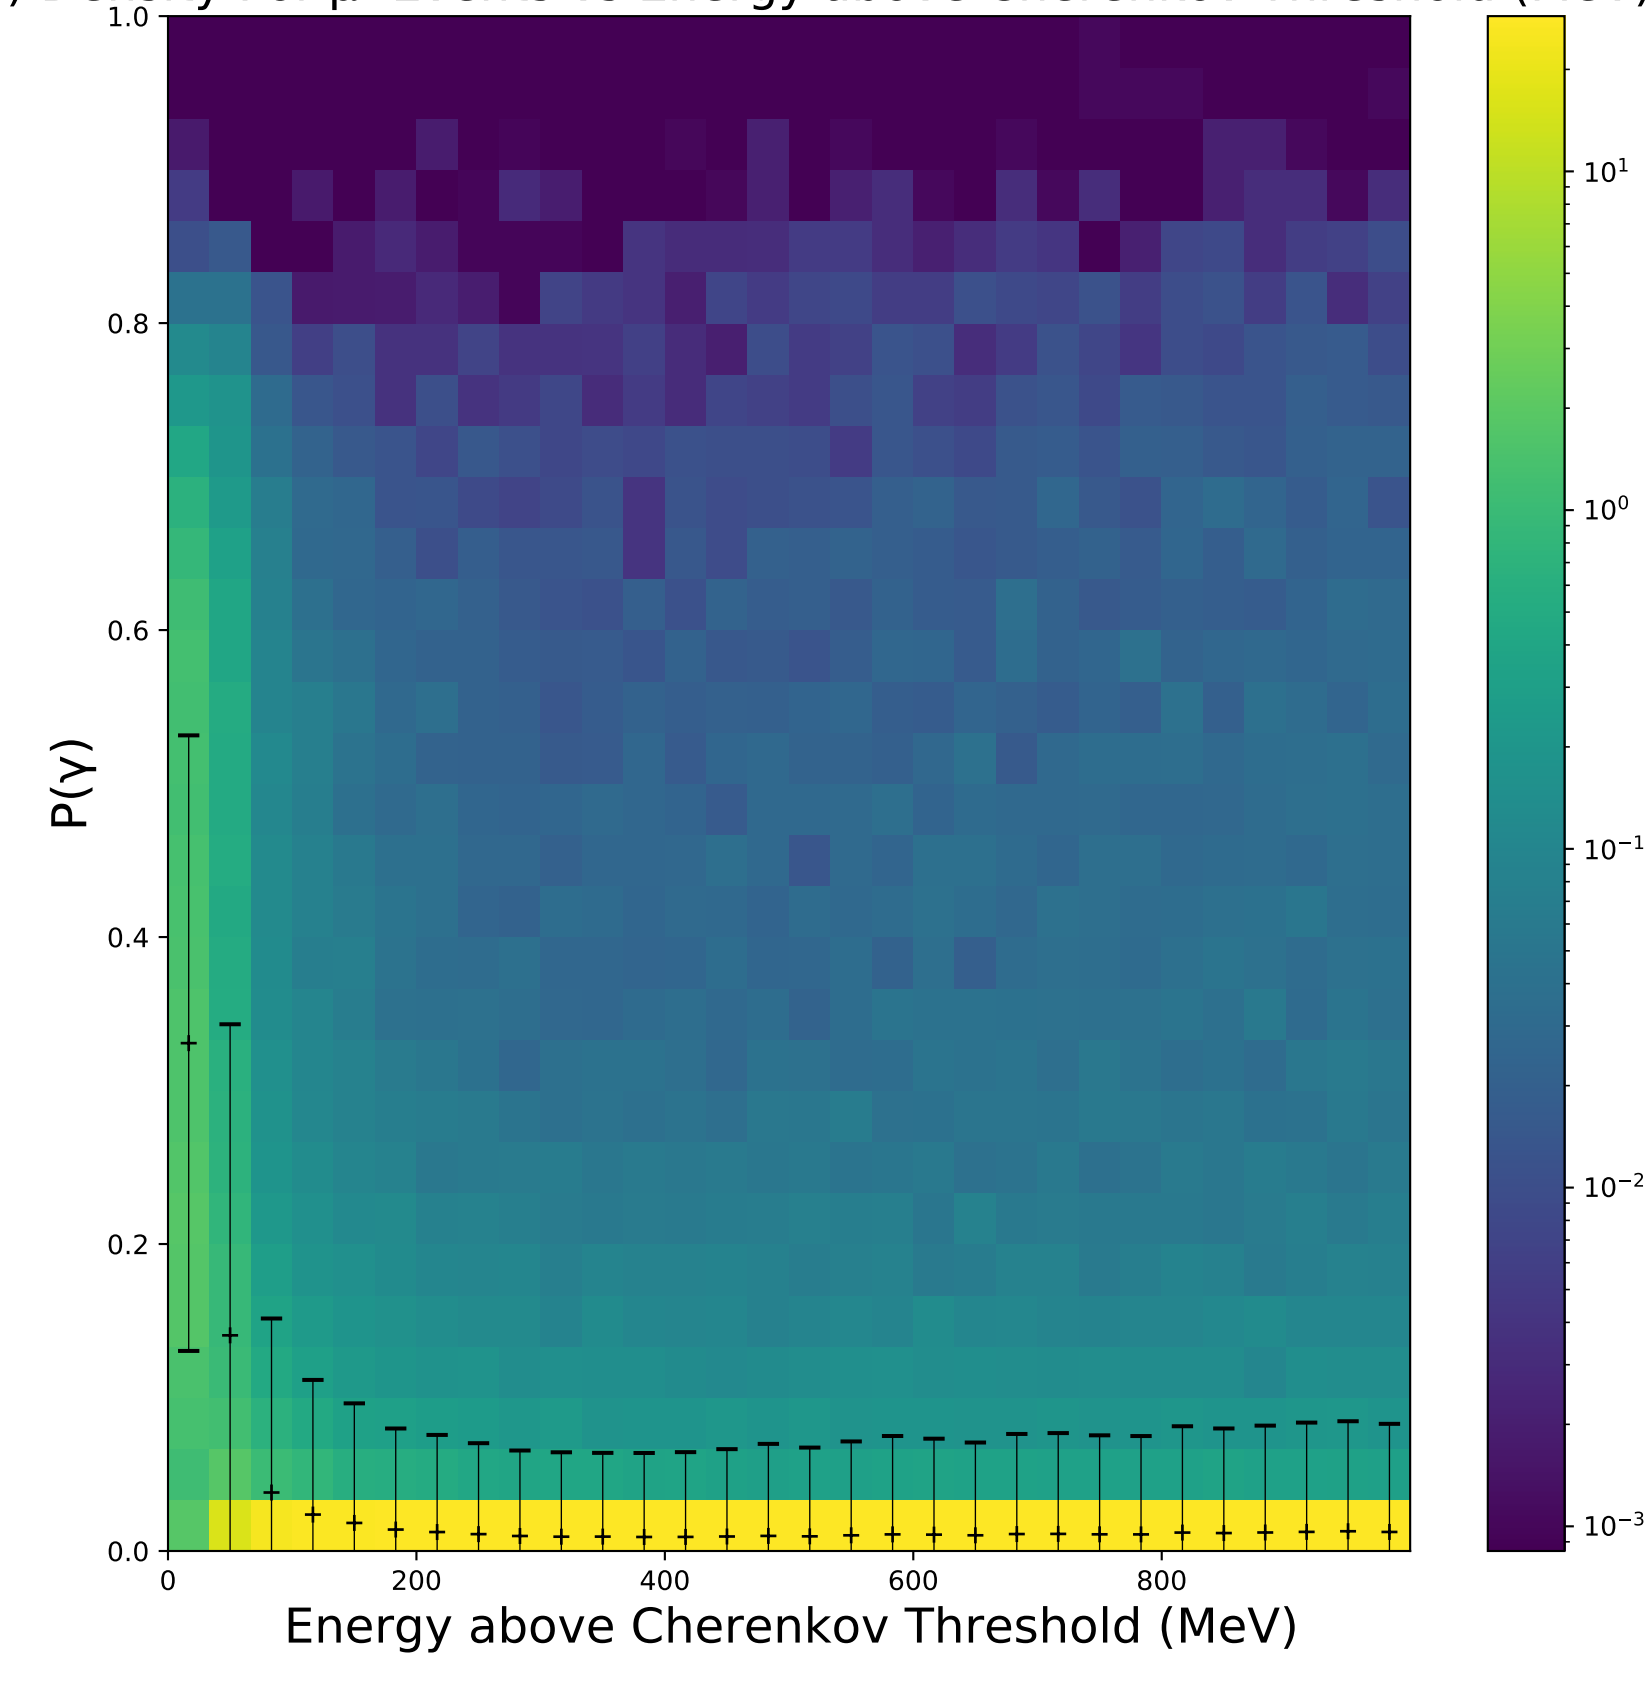

P(μ^-) Density For e- Events vs Energy above Cherenkov Threshold (MeV)

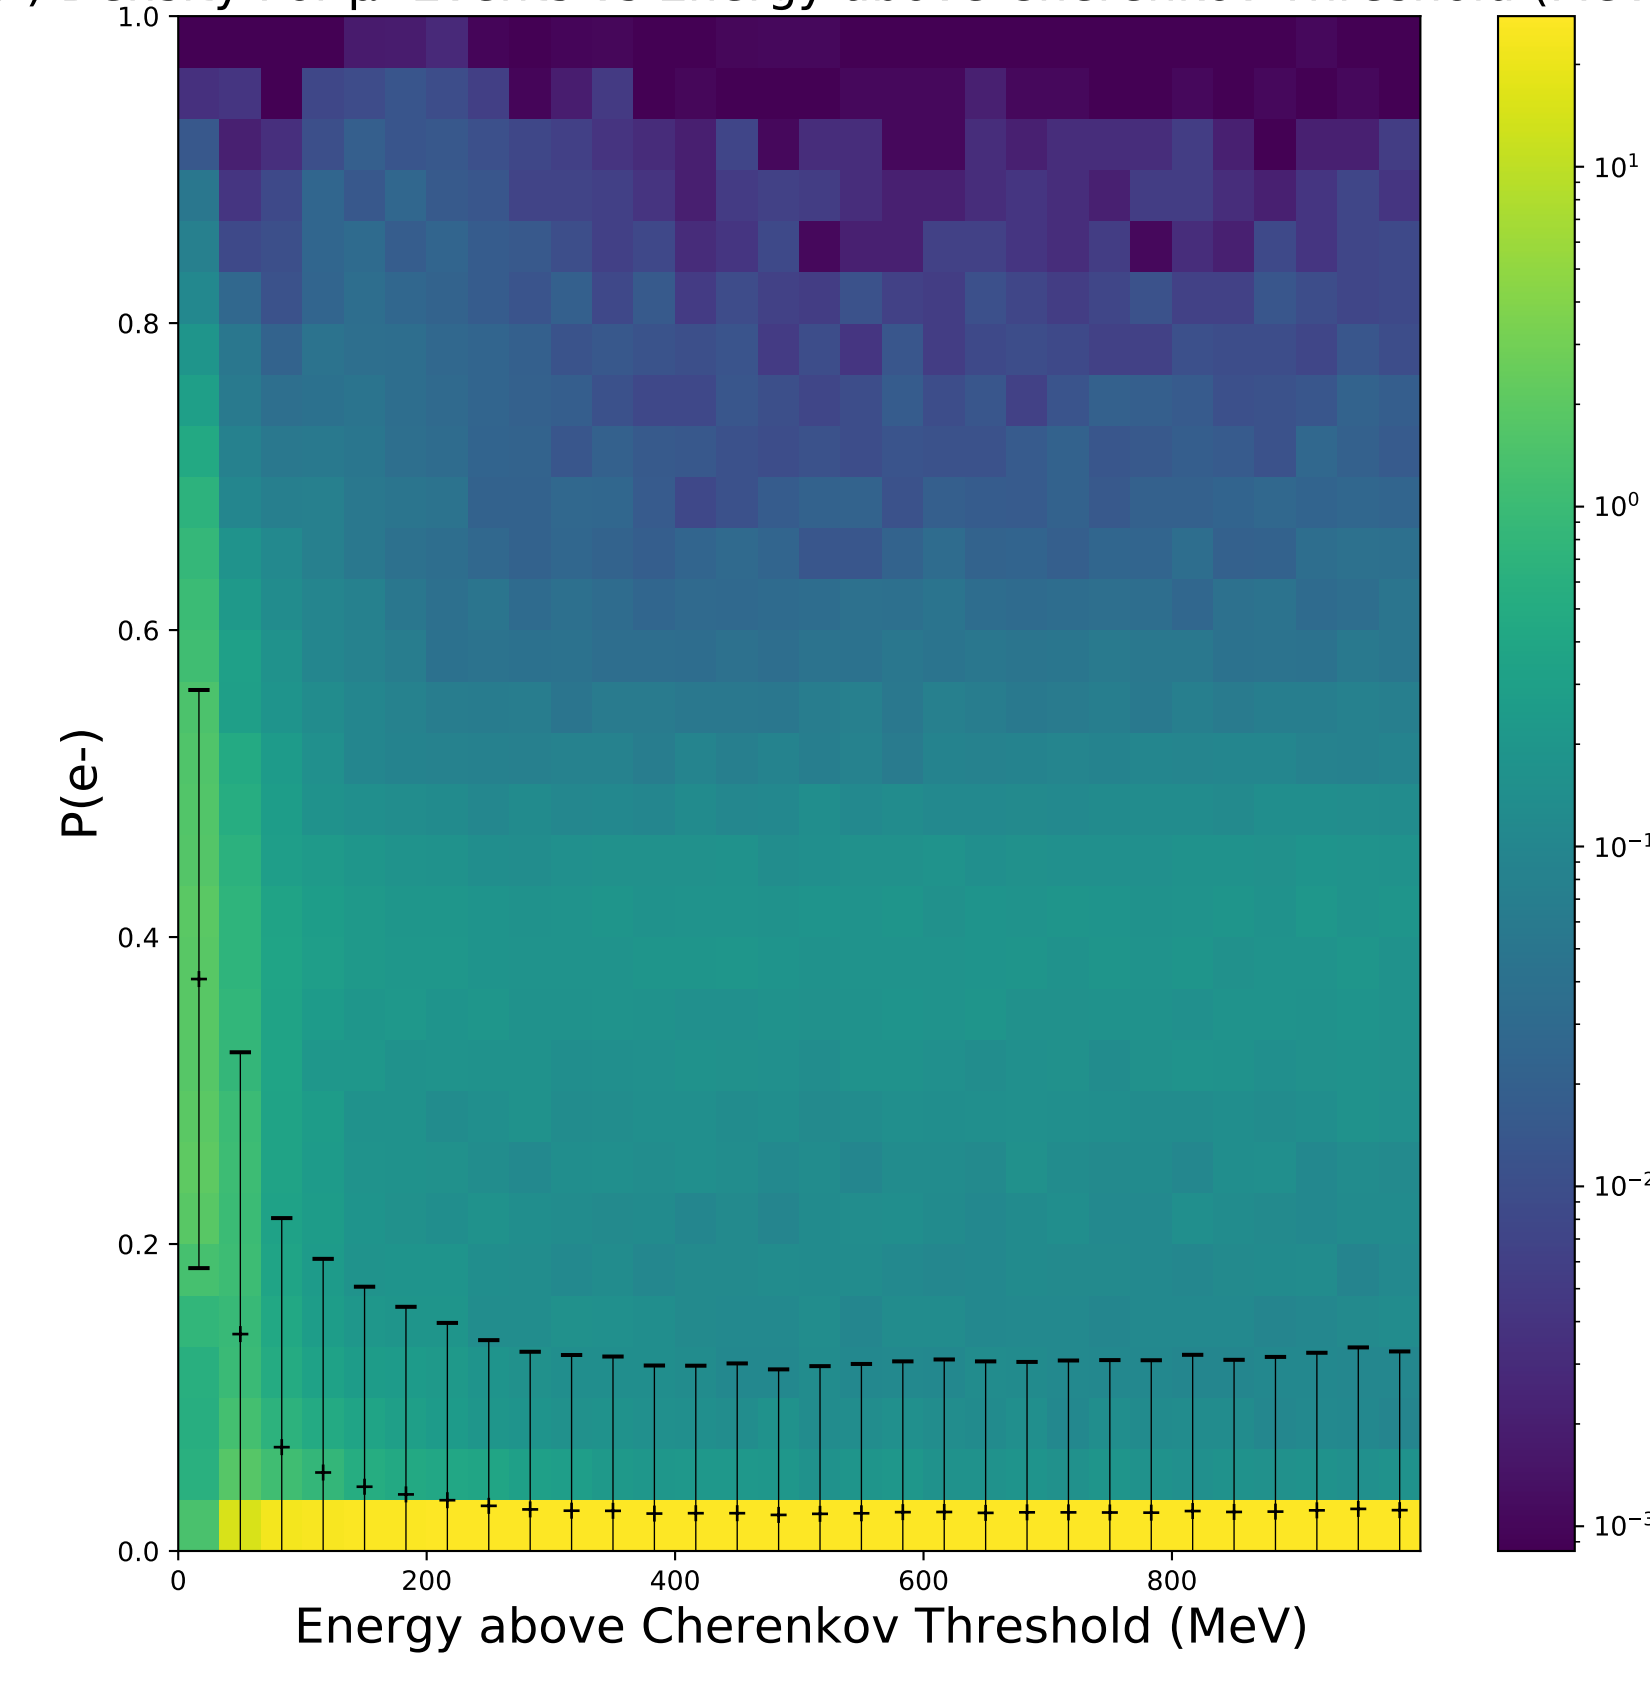

P(γ) + P(e-) Density For e- Events vs Energy above Cherenkov Threshold (MeV)

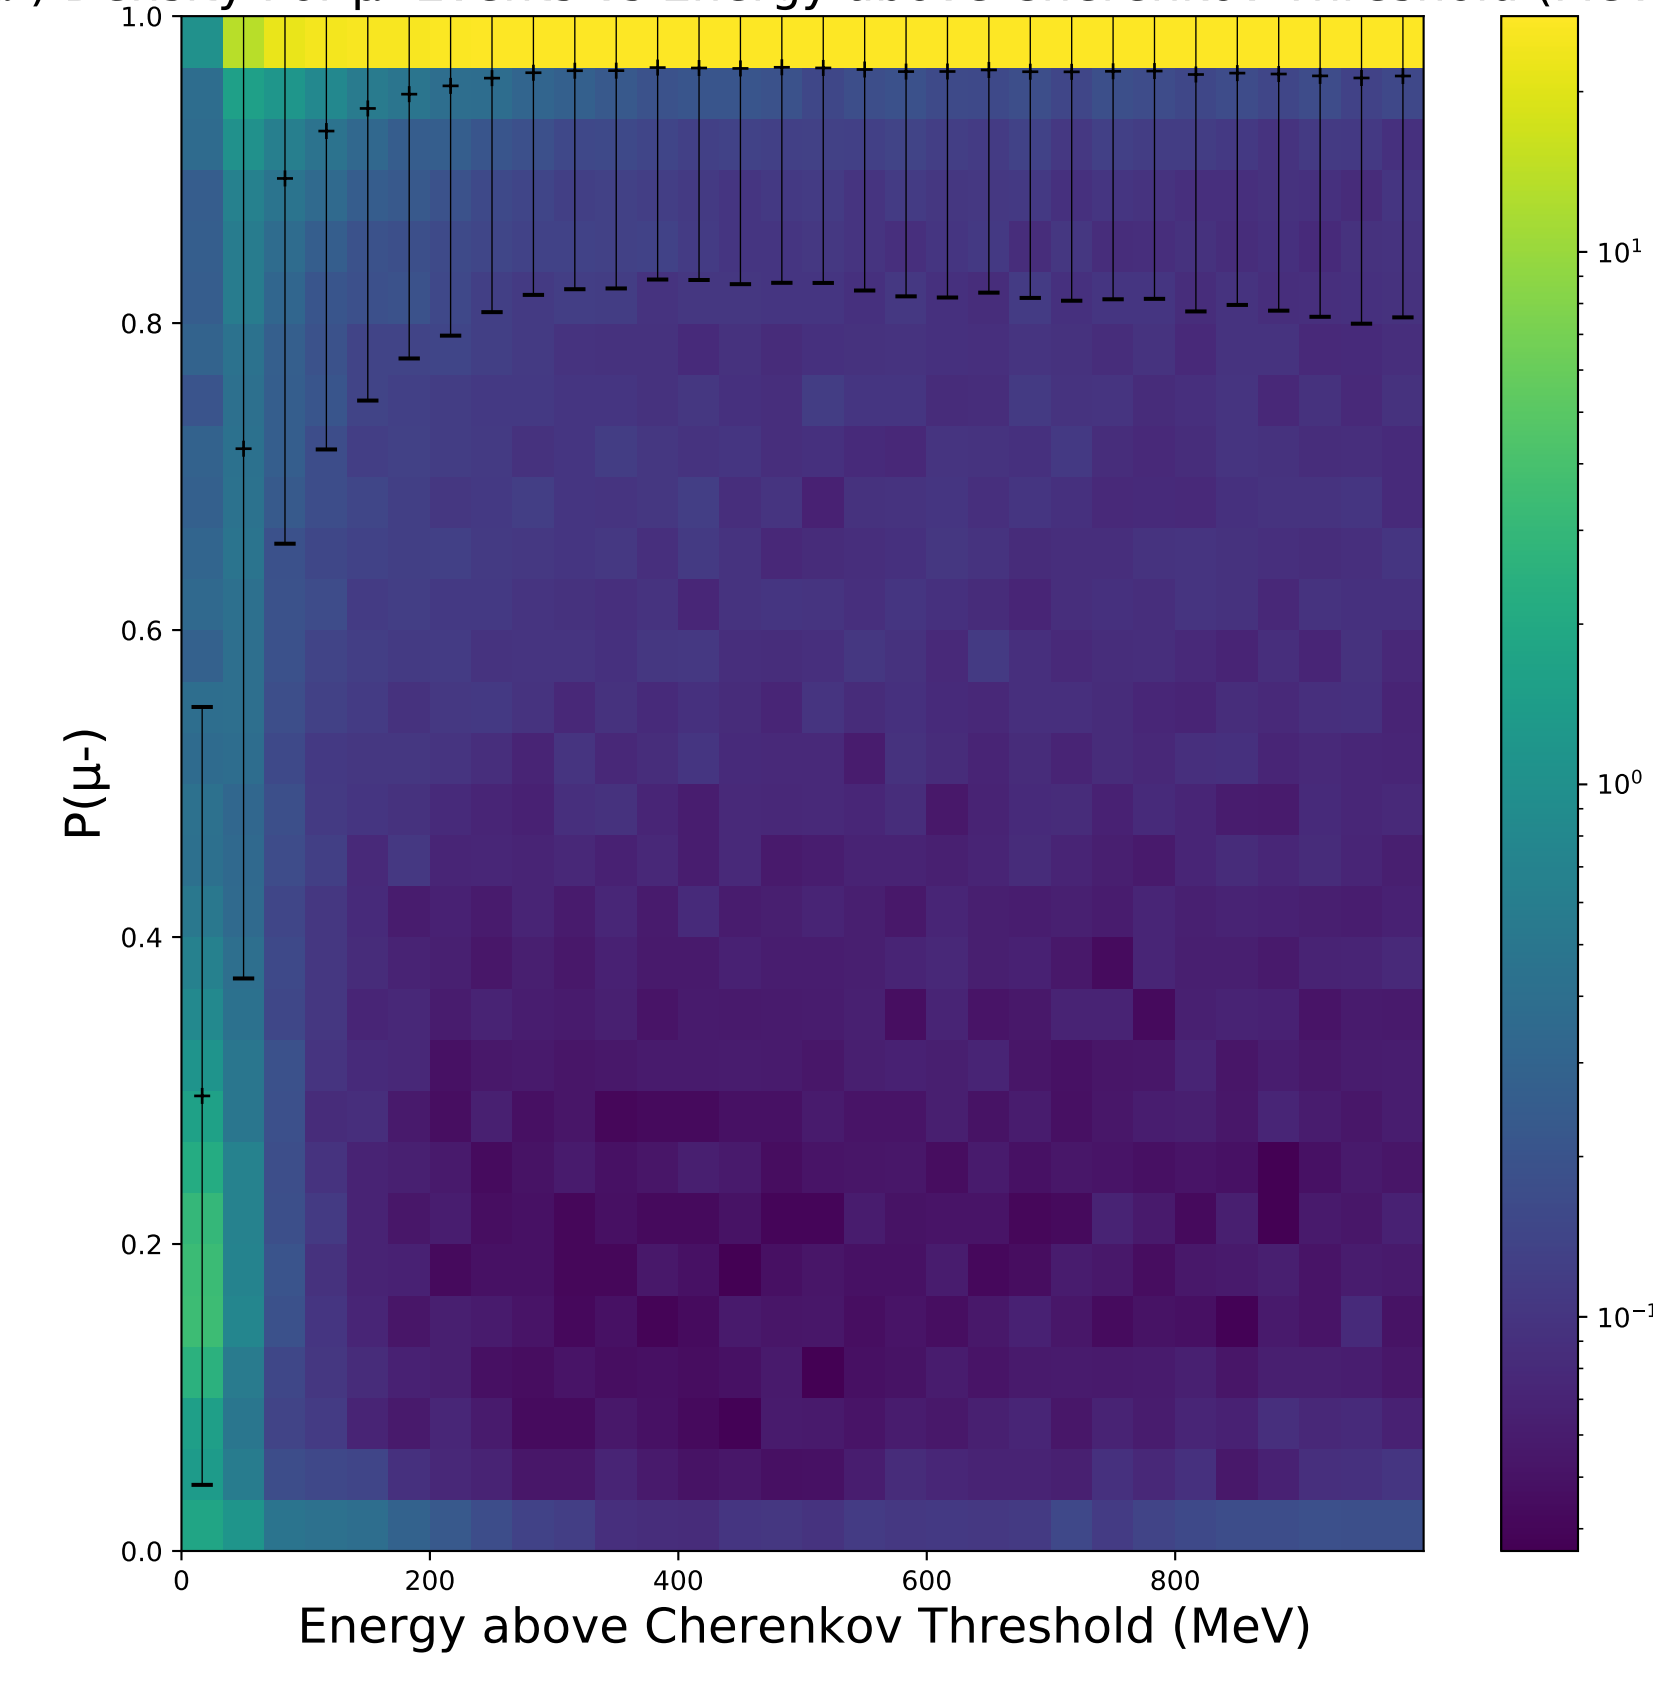

P(γ) Density For μ^- Events vs Energy above Cherenkov Threshold (MeV)

P(e-) Density For μ^- Events vs Energy above Cherenkov Threshold (MeV)

P(μ^-) Density For μ^- Events vs Energy above Cherenkov Threshold (MeV)

P(γ) + P(e-) Density For μ^- Events vs Energy above Cherenkov Threshold (MeV)
